## CHAMP CLARK

**Stirs up a Breeze in the House**

**By Making a Speech on the Cuban Question.**

**His Views Not in Accord With the Republicans.**

**He Denounces the Administration in a Most Bitter Manner--His Plan of Action.**

WASHINGTON, Jan. 20.—Before the Cuban debate was resumed in the house today Mr. Lacey, republican, of Iowa, chairman of the committee on public lands, called up a bill to extend the public land laws of the United States to the territory of Alaska and to grant right of way, under certain restrictions, to any railroad organized under the laws of any state in the Union. It was explained that the right-of-way grant was 100 feet on each side of the road, but that all mineral deposits were specifically reserved. Without completing the consideration of the bill it went over and the house went into a committee of the whole and resumed the consideration of the diplomatic and consular appropriation bill.

CHAMP CLARK'S BREEZE.

Mr. Clark, democrat, of Missouri, opened the debate with one of his characteristic breezy speeches. He said in part:

"If Spain does not bring the war to a speedy conclusion the United States ought to expel her from the western hemisphere. There can be no doubt as to what has been our traditional foreign policy. What our foreign policy is under the McKinley administration, like the peace of God, passeth all understanding.

"In these days of Mc-Hannaism our foreign policy is so feeble, so cringing, so cowardly that even old and decrepit Spain insults our flag, maltreats our citizens and searches our ships with perfect impunity, and President McKinley, instead of sending men of war to protect our honor, assert our supremacy and teach the insolent and impotent Dons a lesson they would never forget, passes the hat around and invites the American people to contribute alms for starving and dying Cubans.

"It is high time that we served plain and emphatic notice on all kings, emperors and potentates that the navies of trans-Atlantic powers shall not be used as collection bureaus for questionable debts, as was done a year or two ago at Corinto and as was done a month or so ago at Hayti.

THE CUBAN CASE STATED.

"The Cuban case is this: For three years the insurgents have fought with a courage and suffered with a fortitude that has challenged the admiration of the world, save and except the McKinley administration. Three or four hundred thousand people—some of the papers say 600,000—have died, men, women and children, as much martyrs in the cause of liberty as was Warren or any other hero who died that we might be free—and yet the McKinley administration lifts not its finger to stay the slaughter and can think of nothing more effective for their relief than to pose as the big beggar man.

"The party of Sumner, Chase and Seward, which proudly vaulted itself as the friend of man, has become the ally of pestilence and arson, famine, devastation, rape and murder. To every suggestion that we should re-enter upon a vigorous foreign policy we are met with the hysterical shriek that we are advocating war. It is not true. But suppose it were—there are some things worse than war, deplorable as war unquestionably is—and one of them is to play the cry baby act until we are despised of all nations, and kindreds, and tongues.

"Now that we number 70,000,000 souls, a republican administration cannot be taunted, kicked or cuffed into resenting an insult or demanding reparation for any injury.

"Such a contemptible and pusillanimous policy is enough to make Grant, Sherman and Sheridan, Dupont, Farragut and Porter restless in their coffins.

"My republican friends," he said in conclusion, "I invite you to lay aside the weight that is holding you down. Assert your rights, come out on the side of eternal justice and human liberty, thereby demonstrating that you are worthy of the high vocation wherein you are called. We democrats and populists stand here ready to remove from America her great reproach. We on this side will contribute 152 votes. If only twenty-seven republicans will break the yoke, defy their task masters and join us in this noble work, before the sun sets this day we will send the glad tidings ringing round the world that 'Cuba is free.' Free, thank God, by the act of the American congress."

### THE SENATE.

**Many Resolutions Introduced, None of Great Importance.**

WASHINGTON, Jan. 20.—Mr. Mills, of Tex., secured the passage by the senate today of a resolution directing the secretary of war to make an examination of the Port Arthur ship canal, with a view to its extension to deep water.

Mr. Gallinger, of the committee on public health and national quarantine, secured the adoption of a resolution empowering the committee to investigate the desirability of removing the quarantine station from Ship Island to some other point in the Gulf of Mexico.

Mr. Frye, of the commerce committee, reported favorably and secured the passage of a bill providing for the construction, at a cost not exceeding $70,000, of a lightship to be located near Cape Elizabeth, Maine.

Mr. Allen, of Nebraska, introduced a resolution directing the secretary of the interior to send to the senate the full and explicit charges made against Mrs. M. E. Roberts, recently dismissed from the pension bureau. Immediate consideration being asked for the resolution, Mr. Gallinger, of New Hampshire, said the heads of departments had absolute power to remove clerks and there is also a civil service commission which has practically final authority in cases of this kind. He thought congress ought not to take up the discussion of such cases. Considerable discussion, but without result, occurred, it being developed that Mrs. Roberts had been discharged on allegations affecting her character. Mr. Allen said he did not know Mrs. Roberts, but it was infamous to dismiss a woman on such charges without a hearing.

"Mr. Pettigrew secured the passage of a resolution directing the secretary of the interior and the attorney general to inform the senate what steps the government had taken concerning the killing of a woman in Oklahoma territory by Seminole Indians and the burning of two Seminole Indians in the same territory.

The resolution inquiring of the postmaster general what action was necessary to maintain the excellenc. of the postal free delivery service was agreed to, and Mr. Tillman's resolution extending the authority of the inter-state and foreign committee relative to the investigation of the giving by railroads of transportation for any other consideration than cash was passed.

Mr. Lodge, of Massachusetts, then moved that the senate go in executive session. This was antagonized by Mr. Vest, who called attention to the fact that he had given notice of his intention to call up the Teller resolution.

At 2 o'clock the Teller resolution was made the unfinished business and an agreement reached to lay it aside and the senate then went into executive session.

### RAIN AND FLOOD.

**The Ohio and Its Tributaries the Scene.**

CINCINNATI, Ohio, Jan. 20.—The Ohio river after a sudden rise last night at the rate of five feet an hour, caused by the flood in the Little Miami and the Licking rivers, settled down at a rate of three inches an hour, with the exception that between 6 and 7 o'clock this morning there was a rise of six inches. The rain fall, which ceased before daylight, amounted to two and thirty-four hundredths, and it came so heavily as to nearly all flow into the rivers. High winds have prevailed throughout the night and today and the temperature is falling, both of which conditions operate to lessen the danger of flood. According to present advices there has not been a general heavy rain in West Virginia nor elsewhere about headwaters. At Pomeroy the river was reported stationary at twenty-eight feet this morning, with hard rains all night, the weather being like April. Much damage has been done along the Little Miami river. The bridge on the Pennsylvania road at Morrow has gone out, causing a long detour by trains.

ST. LOUIS Mo., Jan. 20. — A special to the Post Dispatch from Ridgeway, Ill., says: A very disastrous wind and rain storm visited this county last night, unroofing houses, blowing down fences and killing stock. The back waters of the Ohio and Wabash rivers are inundating this territory.

## LOOKS LIKE WAR.

**British Warships Ordered to Chinese Waters.**

**Entire Fleet at Esquimault to Steam at Once.**

**Must be Under Way Within Forty-eight Hours.**

**Some of the Fleet Now Far Out to Sea and Other Gunboats Being Hurriedly Coaled.**

VICTORIA, B. C., Jan. 20.—Orders have been received at Esquimault by Rear Admiral Palliser from the admiralty instructing him to have every vessel in his fleet ready to start for China on forty-eight hours' notice. Immediately all was bustle around the dock yards, the crews of the different vessels being busily engaged rushing coal and provisions on board. Then came an order for her majesty's ship Pheasant to start on her trip across the Pacific today, she being nearer ready than the others. Tonight she will be well out to sea.

Later instructions were received for H. M. S. Imperials, the flagship of the station, to proceed to the scene of activity. She will start on Saturday. It is not known whether or not Admiral Palliser will accompany her. It is not likely unless the conditions in the orient reach a climax, that the other vessels at present here will be ordered there. The Icarius is only a small vessel and the Phaeton and Leander, having just completed a long voyage, are in need of some repairs. In fact, the Leander is already in the dry docks and the Phaeton is to follow her.

It is not known just where H. M. S. Amphion is at present, but she has probably completed her work at Cohoes Island and is coming north, being under orders to report at Esquimault. The torpedo boat Destroyer will remain at Esquimault. The next order is one to have the armament of the Empress boats ready to be shipped on short notice.

## HORRIBLE FATE.

**W. C. Hoge Ground to Pieces Under a Train.**

**Was Going Home to Meet His Wife From Whom He Had Been Estranged By Dissipation.**

FORT SCOTT, Kas., Jan. 20.—A horrible fate today intercepted W. C. Hoge, of Nevada, Mo., on his journey home to meet his wife, with whom he was about to become reconciled. He fell under a Memphis freight train at Fulton and his clothes and portions of his body were found at Liberal, Mo., three miles distant.

He was mutilated beyond description, but was identified by an affectionate letter from his wife pleading with him to stop his dissipation and return to her under promise that she would dismiss a pending divorce suit.

He left home almost a year ago and would have joined her today. As much of the body as could be gathered in a basket has been sent to his wife at Nevada.

### WHITE HOUSE RECEPTION.

**First Social Function of McKinley Administration Well Attended.**

WASHINGTON, Jan. 20.—The first official reception of the present administration was given at the white house last evening.

Aside from the fact that it was the first, interest in the event centered in the new method of distributing the invitations so that only a certain proportion of those entitled to the hospitality of the executive session would be entertained in a single evening.

The receiving party consisted of the president and Mrs. McKinley, the vice president and Mrs. Hobart and the members and ladies of the cabinet. All of those were present except Secretary Alger, who was still too ill to venture out, and Mrs. Bliss and Mrs. Long, each of whom was represented by her daughter. When the house party entered from the upper hall it was noted that Mrs. McKinley was leaning on the arm of the president, reversing the usual rule by which the president escorts the wife of the vice president and the latter the mistress of white house.

The reception of the diplomatic corps came first. Sir Julian Pauncefote, as the dean of the corps, led the way, but did not, as customary, remain to present his colleagues to the president. Practically all the diplomatic corps was present, including the Spanish minister.

### WAR AMONG THEOSOPHISTS

**Organized Movement to Depose Mrs. Tingley, the Present Leader.**

NEW YORK, Jan. 20.—There is civil war in the Theosophical society once more. There is an organized movement against the present leader of the society, Mrs. Katharine A. Tingley.

At a meeting last night of the Aryan branch the matter of a circular, which one faction in the society had sent out, was brought up. It was said that the circular was in the nature of a political intrigue and that it was directly opposed to Theosophical doctrines.

Mrs. Tingley said she was directly opposed to political methods, and that she had positive proof that some signatures to the opposition circular has been obtained under false pretenses. Some members had even been told that she had signed the circular. The malcontents wish to restore E. T. Hargrove to the presidency.

## TELEPHONE MEN.

**Important Meeting Held at Indianapolis.**

**Representatives of the Independent Exchanges of Indiana Have a Session--Business is Growing.**

INDIANAPOLIS, Jan. 20.—The Indiana Mutual Telephone association held its annual meeting at the Bates House, yesterday. The morning session was short and in the nature of an "experience meeting," when managers of the different exchanges told of the progress they were making and how they meet competition. E. H. Andress, of Lafayette, president of the association, said that the independent telephone business throughout the state is on the increase, both in the number of subscribers to older exchanges, and in the number of new exchanges which are being put in.

George W. Beers, of the Home Telephone company, of Fort Wayne, says the company has 1,400 subscribers and charges a rental of $36 a year for telephones in business houses and $24 for those in residences. Where a subscriber has both, the rate is $48 a year for the two. He said the company has 700 miles of wire reaching other towns in Indiana and Ohio.

A COMMITTEE REPORT.

The committee appointed at the last meeting to confer with similar committees from other states relative to the establishment of a comprehensive long-distance service, said that the only way to obtain the desired result is to incorporate the independent exchanges of the state into one company, with sufficient capital to bond the connecting lines. It was recommended in the committee's report that this movement be taken up at once and developed as rapidly as possible.

The Indiana committee consists of E. H. Andress, George W. Beers and Hugh Dougherty. Their report says that in the states of Indiana, Ohio and Pennsylvania there are 250 independent exchanges, with more than 100,000 subscribers, and the capital invested is more than $5,000,000.

OFFICERS ELECTED.

The afternoon session was held behind closed doors. The following officers were elected for the ensuing year:

President—E. H. Andress, of Lafayette.

Vice President—J. S. Stone, of Rushville.

Secretary and Treasurer—A. E. Reynolds, of Crawfordsville.

Assistant Secretary—W. H. Ernst, of Bluffton.

Executive Committee—E. H. Andress, J. S. Stone, A. E. Reynolds, George W. Beers, of Fort Wayne; C. M. Zion, of Lebanon; Elbert Shirts, of Noblesville; A. E. Ramsey, of Crawfordsville.

## WILL BE A RUSH.

**Thousands to Pour Into the Klondike Gold Fields.**

**One Transportation Company Expects to Carry 10,000 Passengers Next Month and 50,000 for the Season.**

SAN FRANCISCO, Jan. 20.—The local transportation companies are preparing to accommodate the rush to the Klondike. The Pacific Coast Steamship company has arranged a schedule that will give a five day steamship service from today between San Francisco and Alaskan ports. The company expects to handle at least 10,000 passengers out of this city next month and during the entire season the total tonnage in this port is calculated to accommodate 50,000 people.

About June 1, steamers will be placed on the run between this city and St. Micheals. The Alaska Commercial company will run the steamers St. Paul, Dora, Bertha and Portland, with an average carrying capacity of fully 300 persons each. These vessels will connect with the river steamers upon the breaking up of the ice and not less than two trips a month will be made from here. The Pacific Steam Whaling company will run steamers to Cook's Inlet and Alaska. These means of getting to the gold fields will be greatly augmented when the vessels now in course of construction are completed.

## FOUND DEAD.

**Shocking Fate of John Brown, Near Arcola.**

**Struck by a Train and Killed Instantly.**

**Was a Cousin of William Kaough, of This City.**

**Remains Discovered Alongside the Track Early This Morning by the Pittsburg Tower Man.**

At 8 o'clock this morning the tower man of the Pennsylvania company at Arcola, discovered the remains of John Brown alongside the track, about 100 feet east of the tower The man had been struck by a train and probably died instantly, as his skull was crushed. Brown was aged fifty-five years and was unmarried. Michael Brown, living half a mile northwest of Arcola, is a brother of the deceased and took charge of the remains. The supposition is that Brown was on his was to the tower, where he was in the habit of sleeping, when he met his death. The dead man was a cousin of William Kaough, of this city.

Sheriff Melching and Coroner Kappel went to the scene of the accident this afternoon.

## TWO UNFORTUNATES.

**Trouble Drives Them to Self-Destruction.**

**Luther Hough Drowns in a Bath Tub and A. Blackney Shoots Himself.**

CANTON, Ohio, Jan. 20.—A bell boy at the Hurford house found the dead body of a man in a bath tub filled with water, last night. The remains were recognized as being those of Luther Hough, a traveling sulesman for a gentlemen's furnishing goods house. He registered from Jamestown, N. Y.

NEW YORK, Jan. 20.—A. Blackney, of Covington, Ga., a traveling salesman for Beck & Gregg, hardware merchants of Atlanta and Savannah, Ga., shot himself in the left brest in a West street hotel today. He is in a dying condition. He left a note saying that he was about to end his life because of unrequited affection.

## COAL MINERS

**Open the Inter-State Conference Today.**

**The Initial Session Brief and of Little Interest--Defferentials the Bone of Contention.**

CHICAGO, Jan. 20.—The opening session of the Interstate Bituminous Coal Operators and Miners' conference today was of but a few minutes duration. No report being received from the scale committee, and that body having asked for more time, a recess was taken. Discussion of the state differentials is waxing very warm in the committee meetings. Last night the Ohio and Pennsylvania operators conferred, but, it is said, only got further into the mire. The Pennsylvanians are said to have presented an ultimatum in the form of a demand that no differentals be allowed to longer exist between the two states. The proposition was at first bitterly opposed by the Ohioans; but after a long wrangle they are said to have expressed a willingness to compromise on the basis of a four cent differential in place of the existing nine cents difference. But even this, it is said, was unsatisfactory to H. L. Chapman, of Ohio. In fact it is stated that the former candidate for governor become so pronounced in his disapproval of the compromise that it was agreed to practically ignore him in reaching a settlement. Mr. Chapman, when asked whether the report was true, said: "If the conference has decided to disregard me or throw me out, I am unaware of the fact; but, we have not reached an agreement on the differential."

Indiana and Illinois operators have also been in conference over the differential question. When the Indiana mines resumed after the late strike they obtained a slightly better rate than the Illinois people, whereas previously there had been a margin of five cents in favor of Illinois. This matter the operators of Illinois want adjusted and it can be done, they say, by both states inaugurating the mine run or gross weight system. An agreement between Illinois and Indiana is, it is thought, much more likely than of that between Ohio and Pennsylvania. When the questions have been settled, the scale committee, it is believed, will have clear sailing. Reports reached the convention today that 300 miners employed in the Acme mine at Streator, Ill., had gone out on the strength of a rumor that the scale to be adopted would reduce their rate four cents per ton. Officials of the state mine workers wired them that there was no truth in the statements regarding a reduction and advising their return to work.

Charles Nestel, the sixteen year old son of Daniel Nestel, jr., of 22 Scott avenue, was removed in the city ambulance to the St. Joe hospital today, to undergo an operation for appendicitis. The surgery will probably be performed tomorrow.

### WON BY ACTON.

**Some Good Wrestling Shown at the Athletic Exhibition.**

At the benefit athletic exhibition at Jackson's hall last night, the principal event was the wrestling between Joe Acton and Treese. It was scientific and stubborn from start to finish. Acton won the first fall after an hour and fifty-two seconds of hard work. Acton won the second fall in five minutes. The boxing bouts were all draws. Herbert Hale, of Indianapolis, was referee in all contests.

## FROM HAVANA.

**There Is No Disorder in the Cuban Capital.**

**Origin of the Recent Riots--Captain Ruga Shot by Insurgents He Tried to Bribe.**

HAVANA, via Key West, Fla., Jan. 20.—Since Saturday the rioters have been quiet, with the exception of a dynamite bomb exploded in the Plaza de Colon, which did no harm. The rumors that the volunteers would revolt against the government have had no foundation. Nevertheless, on Saturday and Sunday several generals arrived here from Matanzas province and the outlying portions of Havana province with additional reinforcements. About 15,000 men are now located within the city limits and in the outskirts.

Certain politicians have industriously circulated rumors that the volunteers would join in the riots and have still further increased popular passion by saying that the government intended to disarm them. It has also been said that the volunteers would not have the ballot, because in the pay of the government. This is not the fact, as only the buglars, the mobilized guerillas and a few others are paid. The rest are merchants and clerks, serving without government pay.

BREEDERS OF TROUBLE.

Those responsible for circulating these rumors are interested, it is asserted in palace circles, in breeding trouble between the government and the volunteers, so as to have the latter disarmed and to be assured of ten thousand men against the insurgents.

Now that the disturbances have quieted down the greater part of the troops have returned to their respective stations. Among the government supporters the riots are explained as wholly without previous arrangement. The rioters on the other hand, blame the authorities for tolerating newspaper attacks prohibited by law. Though without social standing the rioters insist upon their patriotism.

Upon the body of Captain Puga, military commander at Rincon, this province, was found a letter signed by Puga, offering to Insurgent Leader Hernandez $2,000 and free passage to the United States if he would surrender with fifty armed followers. Another letter answering the above was found addressed to him, saying that if he continued his attempts to corrupt the insurgents he would be court-martialed and shot if captured. As Puga could not induce Leader Hernandez to surrender, he began negotiations with Leader Juan Delgado through the latter's father.

CAPTAIN PUGA SHOT.

Leader Hernandez having learned of this, captured and shot Captain Puga without allowing him to communicate with Delgado. When this was known a special force left Rincon and recovered the body, with letters on it. The government sent $20,000 to the military commander at San Juan de Las Yeras to procure the surrender of Leader Loreto Chero, and his nephew. The members of the cabinet will issue a manifesto explaining "the salient points of the scheme of autonomy and its advantages over independence" together with an appeal to the insurgents to surrender.

## HAVE IT HERE.

**Evansville Isn't Able to Accommodate the Doctors.**

**Does Not Have the Hotel Facilities--Fort Wayne is Fully Able to Handle the Crowd.**

Dr. W. N. Wishard, president of the State Medical society, has received information that Evansville will have to decline the honor of entertaining the society at its annual meeting in May on account of the utter lack of hotel facilities. The principal hotel in that city is now being rebuilt. The executive board of the society will hold a meeting next Saturday to fix the place for the meeting. The membership of the association is 1,500 and several hundred physicians attend the meetings. Here's an opportunity, perhaps, to capture a good meeting for Fort Wayne.

## BAD FOR SCHELL.

**Bound Over to the United States Court.**

**His Partner, Compton, Must Also Answer.**

**Schell is in Jail in Default of $500 Bond.**

**Evidence Against the Globe Produce Fellows Was Very Damaging--Other News of the Courts.**

United States Commissioner Logan believed there was was enough evidence against Ed Schell and W. J. Compton to warrant his binding them over to the United States district court on charges of having used the United States mails for fraudulent purposes. The pair was given a hearing yesterday afternoon, and at the close of the inquiry Commissioner Logan fixed Schell's bond at $500, and Compton's at $250. Attorney E. V. Emrick appeared for Schell and Attorney G. F. Felts for Compton.

The principal witness was Peter Manfolder, a celery grower from Kalamazoo. Manfolder testified that on one occasion he sent a small consignment of celery to the Globe Produce company and received pay. some $3 or $4, with much promptness. He was impressed that the Globe concern was all right and later sent a consignment of about $100 worth, an order for which he had received. For this he has never received pay.

Jerry Dutter, of Angola, testified that he had shipped ten crates of produce to the concern. This was returned because the express company could not locate the concern, a wrong address having been given Dutter. Later he sent another consignment, which was received but never paid for.

It was brought out in the evidence that Schell and Compton occupied a room on Railroad street, where they received shipments of fruit and produce, but a mail carrier testified that the firm's mail was delivered at another place.

Attorney Felts furnished bond for Compton, who was released from custody.

Up to a late hour this afternoon Schell had been unable to procure bond and he may have to go to Indianapolis to lay in jail until the United States district court convenes next May.

Sheriff Melching acted as interpreter for Mr. Manfolder, who is a Hollander and unable to speak English.

VERDICT FOR COX.

The superior court jury before whom was tried the suit of Cox vs. Holman, returned a verdict for the plaintiff for the sum of $13. The jury was out nearly all night.

SUIT FOR WAGES.

The suit of Andrew L. Schroeder vs. the Fort Wayne Fidelity Benevolent association, demanding $500 claimed to be due as wages for services rendered while in the employ of the association, is on trial before a jury in the superior court.

OTHER COURT NEWS.

The board of commissioners was engaged today in the consideration of county road matters.

William Kolb, a German, has taken out naturalization papers.

In the circuit court a jury is listening to the testimony in the replevin suit of the Continent Shoe company of Chicago, vs. Richard L. Tretheway, the shoe dealer, whose affairs recently became involved.

### DEATHS AND FUNERALS.

**Croup Ends the Life of Baby Charles Gallmeyer, of Marion Township.**

Charles, the six-month-old son of Mr. and Mrs. Conrad Gallmeyer, of Marion township, died Tuesday, of croup. The funeral will be held Friday, at 1 p. m., from the house.

ROACH.

Elmer Roach, aged twenty-one years, an inmate of the State School for Feeble Minded Youth, died at the school yesterday. Consumption was the cause of death. He came to the school from the orphans' home at Greensburg in 1890 and has no known reletives.

The funeral occurred at the school at 10 o'clock this morning.

SHIRE.

The death of Lottie, the six-months-old daughter of Mr. and Mrs. Harry Shire, occurred at their home, on Piqua avenue, at 2 o'clock yesterday morning. The child had the measles, and it was from the effects of this disease that it died.

The funeral was held from the residence at 9 o'clock this morning, the Rev. Miller officiating. Interment was at Leo.

### LEFT HIS DEBTS UNPAID.

**A Merchant of Metz Departed With a Woman, it is Said.**

BUTLER, Ind., Jan. 20.—James Kannel, an old resident of Metz, is missing. He was one of the largest merchants in Steuben county, and, it is said, leaves over $6,000 in debts unpaid. He sold a stock of merchandise valued at $8,000 for $4,000 just before he left. His principal creditors are in Chicago, Cleveland and Toledo, all wholesale houses. He has been doing an extensive business and his credit was first-class. It is reported that he had recently been leading a fast life and a woman is said to have disappeared with him.

**Mayor Scherer Receives an Inquiry About John Nelson Eaton--Light Police Court This Morning.**

This morning Mayor Scherer received a letter from Mrs. Eugene Taylor, of Cumberland, Md., in which she makes inquiry of the whereabouts of John Nelson Eaton, who moved to this county in 1863. She states that the matter is very important. The directory of the city and county does not give such a name, and so far as investigation has gone no clew that might lead to to his discovery has been obtained. Eaton, the writer says, came from Berkley county, West Virginia.

PRISONERS CAPTURED.

Superintendent Gorsline received notification a few days ago of the escape from the northern prison of Simon Booker, a colored life prisoner, serving for murder, and Geo. Kuykendall, serving two and a half years for assault with intent to kill. A telegram was received today stating that the men were captured sixteen miles northwest of Chicago. If they had ever reached that city there would have been a small show for getting them.

COMMITTEE MEETING.

The committee on public improvements will have a meeting tomorrow evening, when several matters will be discussed and placed in shape for presentation to the council.

WANT IT FOX AVENUE.

Gus Fox and a number of other property owners have sent a petition to the city clerk, asking that Shawnee avenue and Fox street be named Fox avenue. Shawnee avenue residents also submit a petition to have the name of Shawnee avenue adopted. It is one thoroughfare, but Shawnee avenue having been opened years after Fox street, and then being out of the city in South Wayne, it was not christened after the street to which it became an extension.

**And 700 Men Thrown Out of Employment.**

**A Strike of Rivets Brought the Shut Down--Will Endeavor to Get Another Force.**

BAY CITY, Mich., Jan. 20.—Wheeler & Co.'s ship yard shut down this morning, throwing 7[illegible] men out of work, as a result of [illegible] riveters refusing to accept a 7½ per cent. increase in wages. The riveters had been on a strike several days, their object being so obtain the same scale of wages paid in 1895. When the riveters declined the company's offer of increase the company resolved to close their yard and endeavor to employ an entirely new force of workmen. The riveters would have accepted the proffered increase had they not been required to sign an agreement not to act as a body, but as individuals, and to agree that the company retain 10 per cent. of their wages as a forfeit against quitting without its consent.

THE statistics regarding immigration for the past year show a decrease of 112,435 over the previous year. The greatest number from Italy, but the total number was only 230,832.

MARK HANNA is elected, Durrant is hanged, Charlie Page Bryan, of Illinois, has got a diplomatic job and the war cloud that came out of the east has gone back. Now if old Gen. Cash Clay and his baby wife can contrive to get their domestic affairs patched up the country will be in a fair way to enjoy a season of comparative quiet.

THE usefulness of the horse is rapidly waning, for reasons that are patent to every one—the steam engine, the electric trolley, the bicycle, and now the "motorwagon," have conspired to make him a "back number." Today the rangers of Montana and other western states are clamoring for the annihilation of the herdes of mustangs which are unsalable, yet which are destroying at a frightful rate ranges which would otherwise support immense herds of cattle.

ANOTHER illustration of the folly and danger of trifling with the marriage ceremony. Some years ago, to win a wager, Frank Fiske Farwell and Miss Maude Evelyn Shaw went through what was regarded by them as a mock marriage. It took place in Rhode Island. Recently Miss Shaw was married in earnest to Henry Collier Mix. It now turns out that, according to the laws of Rhode Island, the first ceremony was legal and binding, and the young woman awakens to the fact that she is amenable to the charge of bigamy. No end of legal difficulties have arisen over the case, and it is a very unhappy affair all around. When youth learns that marriage is no trifling matter and governs itself accordingly it will save itself from some very unpleasant experiences.

AMERICAN enterprise and ingenuity penetrate not only to the remote ends of the earth, but even underneath it. An American firm has just closed a contract to supply six large dynamos to be used in furnishing incandescent lighting for the catacombs at Rome. By affording a brighter illumination the thrifty Romans expect to attract a larger number of visitors to these underground tombs of the early Christians. The innovation will be in strict accordance with modern ideas, but to some it will seem almost like desecration.

REPUBLICANS insist that the tariff has nothing to do with the strike of the cotton mill operatives in New England. They maintain that reduction of wages is necessary to enable the eastern mills to compete with the mills in the south. That may be true; doubtless it is. But may it not be true in varying degree of all other industries? The tariff wall is designed, we are told, to protect labor and wages in this country. If the danger lies in domestic competition, then labor is entitled to buy its necessaries with absolute freedom from tariffs.

ELECTRICITY is silently stealing its way along the railroad tracks. The electric line has the call for short distances and for light service. The electricians are at work on the long distance problem. Watt has a rival in the kilawatt. The Railway Age, in its summary of railway building for last year, says: "In New England steam railway construction continues practically suspended, as has been the case for several years, only thirty-three miles being added in the six states. On the other hand, a surprising number of electric lines have been built for country as well as city service, and this is true also of every other state."

THERE has just died in England a statesman who was a member of parliament before Queen Victoria began her reign, and who every year that the queen has sat on the throne has had a seat in the house of commons. We have some legislators of long service, such as Senator Morrill, of Vermont. But Right Hon. Charles Pelham Villiers, who died in London recently, had been sitting in the house of commons twenty years before Justin S. Morrill began his legislative career in the American house of representatives, and was inducted into parliament when Andrew Jackson was president of the United States. He was called the "father of the house," but might have been called its grandfather.

A NOTABLE victory has been won by the newspapers of Denver, Col. Nearly two weeks ago fourteen of the largest department stores in the city made a combination to force down advertising rates, the demanded reduction being 30 per cent. The four daily newspapers then combined to resist the demand and gave notice that rates were increased 11 per cent. over the old card figures. The labor unions, peculiarly strong in Denver, inaugurated a boycott on the department stores, to which they are on principle opposed. The stores sought to advertise by using handbills thrown about the streets, but encountered the city authorities, who proceeded to stringently enforce an ordinance against the distribution of circulars on thoroughfares. This singular and interesting contest was brought to an end Tuesday night by the complete and unconditional surrender of the department stores and acceptance of the new scale of rates.

Harry Evans, nine years old, stole a team of horses at Warsaw and drove into the country. The lad is said to be incorrigible.

The Auburn Dispatch will next Monday begin the publication of a daily edition. Auburn now has one daily newspaper, the Courier, and three weeklies.

John F. Depoy, aged seventy-seven, and for nearly half a century a resident of Whitley county, is dead. He fell from a ladder a few days ago and sustained injuries which resulted fatally.

The North Manchester Leader, a democratic newspaper, has been taken possession of by mortgagees and Editor Cox is succeeded by Editor Hardman, who will endeavor to make the newspaper pay out.

William B. Loomis, the defaulting finance keeper of order of Maccabees, at Elkhart, has been returned to that city from the west and his friends are trying to adjust the trouble. The alleged shortage is about $900.

Alexander Wilhelm, the South Bend attorney who absconded after victimizing various persons out of several thousands of dollars, is in Alaska. This is proved by the receipt by the First National bank of Michigan City of certificate of deposit for $300 which was cashed by the bank at Skaguay.

While unpacking new goods last week W. C. Patterson, an Angola merchant, found a diamond ring valued at $100. Shortly afterward he received a letter from a young lady who packed the goods, inquiring about the ring. The goods had been shipped to an honest man and he promptly returned the ring.

# "BETTER BE DEAD!"

## Agonizing Cry Wrung From a Despairing Heart.

### But There is Always Hope for the Sick and Suffering.

**Dr. Greene's Nervura Certainly Does Cure —Will Surely Make You Well.**

How often the weak, tired, worn-out man or woman, thoroughly exhausted in nerves and body, and with despairing voice, exclaims, "I had better be dead!"

Their cry is wrung from bitter disappointment in not getting well, from sheer nerve weakness, and the growing fear that their case is hopeless.

But it is not hopeless.

There is a cure, and that cure is Dr. Greene's Nervura blood and nerve remedy—that grand and wonderful remedy which has cured so many thousands of apparently hopeless cases.

That was a marvelous cure of Mrs. Mary J. Plummer, of Grafton, N. H., who says:—

"I was taken down with the Grip and was sick in bed three weeks, and it left me in a bad condition. It caused a heart trouble and a kidney trouble, and oh! my head felt so bad, such a dull, cloudy feeling in it all the time. My appetite was very poor, and I did not sleep well. I was tired all the time. Well, I just dragged around and did my work, but would have dizzy spells, and such trembling in my limbs that I could scarcely stand or hold anything in my hands without dropping it. Finally I was taken down sick in bed, and was very sick. The doctor told my folks that I could not live, but I lingered along seven weeks. Then I got so I could sit up, but could not do any work, and my appetite was poor, and I could not sleep, and did not sleep any for ten days and nights. O, I got so nervous I could not lie still, and finally I told my husband to go to the drug store and get a bottle of Dr. Greene's Nervura blood and nerve remedy. After taking the second dose I went to sleep, and slept four hours, the first I had slept for ten days. I continued the Nervura until I had taken six bottles, and have not lost a night's sleep since, can eat well, and have had no signs of the returns of the disease."

Despair no longer. Take Dr. Greene's Nervura blood and nerve remedy and be cured. There is inspiration for the sick in the very name Nervura—new nerve, new force, new strength, new energy, new power.

You can also consult without charge with Dr. Greene, 148 State St., Chicago, Ill., the most successful physician in curing disease, personally or by letter.

## SEAT SALE IS LARGE.

**A Crowded House Will Greet "A Scrap of Paper"--Temple Attractions.**

The sale of seats for "A Scrap of Paper" opened at the box office yesterday morning and present indications point to a crowded house, although many choice seats can yet be secured in the parquet circle and balcony. The Fort Wayne Dramatic club feel greatly encouraged over this, their maiden effort in the histrionic line, and theatre goers may expect to be agreeably surprised by the talent possessed by the young Thespians.

Messrs. Stouder & Smith, say that the performance of "At The French Ball" which will be given at the Temple next Monday evening, will be one of the most pleasing entertainments given in this city this season. They are enthusiastic over their efforts in securing this attraction, and dainty Fanny Rice will no doubt be greeted by a packed house. The sale of seats begins at the box office Friday morning at 9 o'clock.

After several years absence, Mr. Joseph Murphy and his company will appear at the Temple theatre Tuesday evening, January 25th, in the great play "The Kerry Gow." Murphy has played this piece for over twenty-five years and it is said to improve each year, like good wine.

One of the most interesting meetings ever held by any A. O. U. W. lodge in the city was the one held by No. 19 last Friday evening. A special invitation had been extended to the membership of Nos. 36 and 50 to be present and witness the installation of officers. The attendance was large, taxing the seating capacity of the hall of Phoenix lodge, K. of P. After the installation and regular work was through with a recess was taken and the visiting brothers, headed by the new officers, repaired to the banquet room, where a very toothsome spread was partaken of, which had been prepared by the wives of members of No. 19. At the conclusion of the banquet all repaired to the main hall, where cigars were passed and a social session held, with J. J. Bauer, the genial recorder of No 19, in the chair. All who were called upon responded and favored the members with speeches, songs, stories, music, etc. The results of the meeting were so beneficial from a fraternity view that it was decided to hold another meeting in two weeks, at which time Nos. 19 and 36 will be the guests of No. 50. A committee of five was appointed to arrange for that event.

DEGREE OF HONOR.

Summit City lodge, No. 2, D. of H., met as usual in their hall, corner Calhoun and Superior streets, on Tuesday evening. The lodge was well attended and important business was transacted.

Adelburt Ford was initiated into the mysteries of the order. Arrangements were completed to give a masquerade social at the home of Mrs. Geo. Misner, on East Williams street, on Friday evening next.

January 18 being Memorial day of the lodge, it was observed by the following well rendered program:

Song—"Nearer My God to Thee".....Quartet
Mesdames Hench, Merriott, Melsheimer and Leikauf.
Prayer.....Bro. Coverdale
Song—"Shall We Gather at the River?".....Quartet
Reading.....Mrs. Coverdale
Selection.....Mrs. Melsheimer
Song—"We Shall Sleep, But Not Forever".....Quartet
Memorial address.....Mrs. Leikauf
Song—"God Be With You".....Quartet

ELKS.

Fort Wayne lodge 155, B. P. O. Elks, in their recent initiating of a class of upwards of 100, have earned the distinction of eclipsing any record in that direction that has ever been made by a lodge of that order. It will be the wonder of the fraternal world for time to come. It is an attest of the highest character as to the progressiveness of the local members and speaks volumes for their energy as well as testifying to the standing of the order in the community.

The exercises attending the initiation were carried through with expedition and showed a high degree of perfection in the work of the initiating team.

The banquet and social session in the evening was an event that will go down in the history of the local lodge as the crowning effort in that line. From the time Hon. R. C. Bell tapped the president's gavel until the last guest had been bidden Godspeed, mirth, wit and eloquence reigned supreme.

Goodfellowship held sway and fraternal expressions predominated. The toastmaster, G. W. Wilson, assisted by W. H. Shambaugh, as usual were at their best. What they didn't think of to add to the enjoyment of those present would be difficult to imagine. No one was neglected, everyone called upon and all responded and did their share toward the pleasures of the evening. Out of town guests one and all pronounced the occasion the most enjoyable they had ever attended and were unanimous in their declarations that as entertainers our home lodge heads the list. Kind words for lodge 155 will be spoken from one end of the country to the other by those in attendance from abroad.

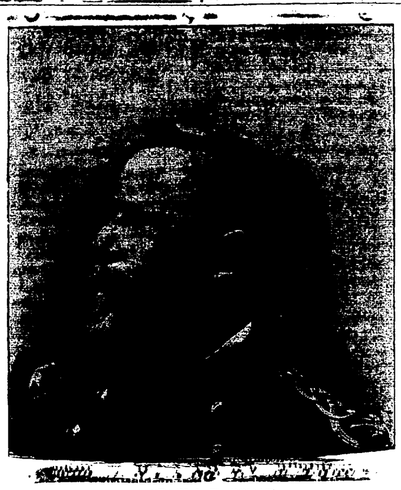
BEN HUR.

Fort Wayne court No. 96 last Monday night had a very large meeting and much interest was shown for the welfare of the order. This court bids fair to be one of the largest in the state. A number of applications were received and several candidates were given a chance to try the goat. After the initiation the ladies of the court surprised the gentlemen by inviting them to the banquet hall to partake of the refreshments that they had prepared. The gentlemen showed their appreciation by partaking of the good things placed before them. All enjoyed the supper and also the short speeches made by several of the brothers and sisters. An excellent program is arranged for next Monday night.

Ben Hur court No. 161, Tribe of Ben Hur, held Monday evening in the hall on Clinton street. Several applications were received and the work of initiating three candidates was gone through with. After the initiations and business of the meeting had been disposed of the members devoted themselves to the enjoyment of a program of music and interesting literary exercises. The occasion was one of rare pleasure to all present.

A. O. H. AND I. N. A.

Captain J. H. Rohan, whose portrait appears today in this department is president of the local branch of the Irish National Alliance, which was organized in this city last Sunday, and he is also president of Division No. 1, Ancient Order of Hibernians, a position he has held since the division was organized five years ago. Captain



CAPTAIN J. H. ROHAN,
President of Division No. 1, A. O. H., also President of the Fort Wayne Irish National Alliance.

Rohan was born in County Clare, Ireland, June 24, 1839. He came to Fort Wayne shortly after the Chicago fire in 1871. In early manhood he learned the trade of finishing wood, and this he followed in later years at Milwaukee and Buffalo. Soon after he came to this city he became foreman of the finishing department at the Fort Wayne organ works, a place he has filled in a competent manner ever since. In July 1862 Captain Rohan enlisted in Company D, One Hundred and Sixteenth Regiment New York, volunteer infantry, and served until the close of the war. He was promoted from private to sergeant, first sergeant, second lieutenant, first lieutenant, and in April, 1864 he was promoted to captain, serving as such with company G, of the same regiment, until the close of the war. He received a flesh wound in the left side at the battle of Pleasant Hill and a scalp wound in the battle of Cedar Creek. He was mustered out at Washington, D. C., June 25, 1866. Captain Rohan is a democrat in politics and is at present announced as a candidate for the office of county treasurer. He is a member of the uniformed rank of the Catholic Legion, the National Union and the G. A. R. He was formerly captain of the Veteran organization of the state militia and was promoted to the rank of major and finally lieutenant-colonel.

WOMEN'S RELIEF CORPS.

The annual installation of officers of Sion S. Bass W. R. C. No. 7 took place jointly with the post at their hall on the evening of Friday, Jan. 14, 1898. After the service of installation of post officers the stations were surrendered to the W. R. C. and the officers of that body were installed by Mrs. M. B. Gorsline. After installation the visitors were entertained by music and recitations by comrades and members of the W. R. C. and also two fine recitations by a young lady from Ohio.

The W. R. C. has now fully entered on its fourteenth year; its works are known by all who seek to know. The fully acknowledged helpmeet of the G. A. R., the comrades never call for its aid in vain. Its watchwords are fraternity, charity and loyalty, and fully are these watchwords kept.

To hand down and to keep forever green the memories of our heroes, loyal women are received with open arms that the order may be perpetuated; and when the last comrade has answered the call, his wife and daughters as members of the W. R. C., have also passed away, and loyal women may come on each Memorial day with the little tribute of flowers to prove that they did not live and suffer in vain.

MODERN WOODMEN.

Fort Wayne camp 4761 had a grand old time at their meeting last Friday evening. Installation of officers was the principal feature of the evening. The following officers were installed for the ensuing year:

Consul—F. Howenstein.
Adviser—H. A. Fox.
Banker—C. E. Hadsell.
Clerk—F. H. Cutshall.
Escort—J. V. Wilkens.
Watchman—L. H. Nickerson.
Sentry—Theo. Bauer.
Board of Managers—William Wilder, D. M. Tombaugh, M. R. Hardendorf.

After the newly elected consul took the chair and everything seemed quiet and peaceful the advisor and banker gave the alarm and contended there was an intruder in the camp. The consul immediately ordered the pass word to be taken up, but found all present to be entitled to sit within the camp. Not being satisfied he appointed a committee consisting of C. E. Hadsell, H. A. Fox, J. V. Wilkens and Theodore Bauer to investigate the ante-room and hall. They soon found the intruder and brought him in double quick in the shape of ice cream and cake, enough for all present and plenty to spare. There was considerable anxiety manifested while the search was going on, as it was a complete surprise to all except the officers elect who took this means to show their appreciation to the camp.

W. W. Olmstead and Henry Hohman from Edwards camp enjoyed the evening and spoke words of praise upon the work of the evening.

At the last meeting two candidates were ushered into woodcraft, and tomorrow evening four more applicants will be received into the folds. Four more applications are pending. This camp is striving to become the banner camp of the state and the members are sparing neither time nor money in order to bring such results about.

The consul appointed M. R. Hardendorf chief forester, with Charles Gamrath as assistant, and with these two men at the head, the team work soon will be second to none in the state.

Let every member that has an interest in the welfare of our camp come out and meet with us every Friday evening at No. 20 West Berry street, Odd Fellows hall.

FRATERNAL MYSTIC CIRCLE.

Next regular meeting of Fort Wayne Ruling No. 662 will be held on Wednesday evening, January 26. Important committees will be appointed at this session and a pleasant surprise is possibly in store for the members who will be present. J. D. Grimes, of Dayton, Ohio, special supreme deputy, was briefly in the city today en route to Goshen, South Bend and Ligonier, where there is recruiting to be done. He will be with us at the Washington social and entertainment February 22.

I. O. O. F.

Fort Wayne Lodge No. 14, I. O. O. F., worked in the second degree last Monday, and will work in the same degree next Monday. After February 1st no degrees will be conferred except on the regular nights, as follows: Initiations, first Monday; first degree, second Monday; second degree, third Monday; third degree, 4th Monday. With the new elevator and the elegant lodge room, all Odd Fellows will find Fort Wayne Lodge No. 14, I. O. O. F., a pleasant place to spend their time. The degree staff has been reorganized and is getting ready for the busy season.

## THE "GYM" SCHEDULE

**Athletic Club Makes Announcement of Hours.**

**Program for the Classes of the Gymnasium --A Boys' Class Will be a Feature.**

The gymnasium class schedule of the Fort Wayne Athletic club has been completed and is announced by the management today.

Tuesday, Thursday and Saturday evenings, from 8 to 9:30, and Monday Wednesday and Friday evenings, from 8 to 10 o'clock, will be devoted to basket ball, hand ball, boxing, wrestling, fencing and advanced gymnastics—as tumbling, horizontal and parallel bar work.

Monday, Wednesday and Friday afternoons from 4 to 6 will be for business and professional men, which class is growing fast. The work is light, on the vacation plan.

It is the wish of the board of management that every member of the club join one of these classes. If the hour does not suit, so advise the management and a convenient time will be set. Fencing lessons will begin Friday evening, at 8 o'clock, and those who wish to join are requested to be on hand early.

A boys' class will be arranged for Tuesday, Thursday and Saturday afternoons.

## NICOLINI IS DEAD.

**Husband of Patti, the Well Known Singer, is No More.**

LONDON, Jan. 20.—Nicolini, husband of Adelina Patti Nicolini, died yesterday at Pau, France.

The late Ernest Nicolini married Patti in Wales in 1886. She had been divorced from Louis Sebastian Henri De Roger De Cahuzac, marquis de Caux.

His health began to fail him in the early part of last year and it was reported that he was suffering from a cancerous affection and from a complication of other disorders.

Both he and Patti had for some months been aware of the fatal nature of his illness, and friends who saw them together described the absolute devotion of the two as touching in the extreme.

## THORNS TO SIT UPON.

How many people are gathering "thorns to sit upon," by failing to heed the warning sent out by diseased kidneys. **Utah Kidney Beans**, the Great Kidney and Bladder Cure, is the only remedy. If you have uncertain pains—dry mouth—coated tongue—parched skin—feverishness—lines under the eyes—sharp pain in the small of the back—dull dragging backache—general feeling of weariness—you have kidney trouble in some of its terrible forms. You should act quickly—**Utah Kidney Beans** will cure you—they have cured thousands of others. THE TURNERS OF PHILADELPHIA make **Utah Kidney Beans.**

E. B. Samuels, Clinton Kentucky, County Clerk for Hickman County, testifies: "For years I have suffered with pains in my back—could hardly stand up—was confined to my room and bed for months—suffered horrible pains in the bladder and kidneys—was treated by the best physicians—they could do nothing for me. I tried **Utah Kidney Beans**—the first dose made me feel better. I continued to use them and in a few weeks I felt like a different man. **Utah Kidney Beans** are the greatest Kidney and Bladder cure on earth. I gladly recommend them to other sufferers."

## RAMSEY SAYS NO.

### Wabash Will Not Build a New Toledo Line.

**Present Line too Valuable to Abandon—The Machinists' and Expressmen's Balls—Local.**

At noon today THE SENTINEL received the following interesting telegram from the headquarters city of the Wabash:

"St. Louis, Jan. 20.—President and General Manager Ramsey, of the Wabash, says today that there is no truth in the statement that the Wabash intends to build an independent line into Toledo, or to make that city a side track, as has been reported. 'Toledo is one of our most important terminals,' said Mr. Ramsey, 'and all this talk about making it a side track is ridiculous and foolish.'"

The following clipping from yesterday's St. Louis Globe-Democrat takes a different view of the matter: "Nearly all of the through freight traffic of the Wabash division is now routed by way of the Detroit division, which has all the business it can conveniently handle. Formerly this traffic was delivered to the Erie at Huntington, the Nickel Plate at New Haven and the Lake Shore at Toledo, but the Wabash, by reason of its trackage agreement with the Grand Trunk, can now handle all its business to Buffalo, giving it a much longer haul, and the result is that both for freight and passenger business the Detroit and Eel River line is practically the main stem."

Indianapolis Journal: "General Manager Ramsey, of the Wabash, is said to be determined to have a more direct line from Toledo to Chicago. Two routes are under consideration, but the most favored line is from Toledo to Maumee, Swanston, Delta, Harrison, West Unity and Montpelier, where it would connect with the Detroit and Chicago line."

THE BOWSER BANQUET.

The following is the program for the banquet to be given at the New Aveline tonight by S. F. Bowser & Company. There will be fifty of the firm's traveling salesmen present, besides some newspaper men and a few others:

| "Bowser's Workers" | Harry M. Williams |
| Baritone solo | Edward Ettinger |
| "Reminiscences" | H. S. Covey |
| | C. O. Wiggins |

The Jennison-Williams orchestra will discourse music during the repast.

CITIZENS BUILDING A ROAD.

Citizens of Texas, southern Kansas, northeastern Oklahoma and Indian territory are determined to have a short railway line to St. Louis. They have constructed twelve miles of track from Henrietta, Tex., without one cent of working capital. Stock was issued to a number of farmers and merchants, who paid for it by work upon the road bed. The farmers in many instances worked themselves, while the merchants hired teamsters to take their places in constructing the road bed.

When completed the road will run from Henrietta, Tex., through southern Kansas, northeastern Oklahoma and Indian territory to a point east of Chetopa on the Southern Kansas line. This road will connect with the Gulf and Brazos railway at Henrietta and will afford direct communication with ports at Velasco and Galveston.

Merchants and farmers along the line of the proposed road are endeavoring to secure the co-operation of the St. Louis business men. If St. Louis will aid in the project it is believed by the citizens who desire a bee line to St. Louis that the road will be completed and in running order within a year.

TWO SOCIAL EVENTS.

The ball at White's hall last evening, given under the auspices of Friendship lodge, No. 70, International Association of Machinists, for the purpose of raising funds for the striking engineers in London, England, was a social and financial success, notwithstanding the storm which raged furiously nearly all the time the dance was in progress. The music was furnished by the Symphony orchestra, some of whose members are machinists.

A similar event, and one which promises to be equally as successful, will be the first annual ball of the Expressmen's Social club, which will take place this evening. The committee of arrangements for this event is composed of the following gentlemen: J. Wort, W. Marhenke, A. Feustel, S. Lavanway, J. Whitney and W. Bristor. The reception committee is as follows: F. Oddou, J. Pierce, J. Whitney, G. Becker and M. Fitch and the musical director is J. G. Shaler.

THE NEW FREIGHT HOUSE.

A new freight house is now regarded as an assured thing in local Pennsylvania railway circles. Work upon the building is likely to begin at any time. After the house is erected and in operation, it is believed that the tonnage system of handling freight, which is now in vogue at Columbus, Indianapolis, Pittsburg and other points on the southwestern system, will be put into practice here. Some experiments in that line have recently been made, but it is not believed that it will be put into general practice until the new building is up. The proposed freight house and the accompanying change of base of transfer of all freight bound for points west of Chicago will require a big force of men here, a condition which will be welcomed by our laboring men.

PERSONAL AND OTHERWISE.

Sickness of some members of his family keeps Engineer George Cooper from going out on his run.

After an illness of three weeks Engineer E. Von Tilburg has resumed his run on the Nickel Plate.

P. J. Furlong, an operator on the Nickel Plate's extra list, is now stationed at Leipsic, Ohio. He worked here a week recently.

Engineer Wash Frase, of the Nickel Plate, who has been afflicted with a cold for several weeks, is now confined to his home.

John Hughes, operator on the Nickel Plate, is back in his old place in the yard office, after a week's service in the dispatcher's office.

The west water plug on the Pittsburg at Columbia City was demolished a few nights ago by a freight train striking it while the spout was down.

Immense quantities of wheat are now arriving in Philadelphia from Chicago daily, and it is gossip among commission men that the grain is some of the Leiter purchase.

Nickel Plate Brakemen Reffelts and C. E. Stump have resumed work after a few days absence. Brakeman W. P. Morris, of the same road, is taking a brief lay off.

P. M. Seymour, formerly commercial agent of the Baltimore and Ohio at Columbus, Ohio, has been appointed general agent of the Chicago Great Western at Butte, Mont.

E. B. Taylor, general superintendent of transportation of the Pennsylvania lines west of Pittsburg, is making a trip over the northwestern and southwestern systems this week.

The Illinois Central has secured the contract to carry four ships from the Howard ship yards at Jeffersonville, Ind., to San Francisco. There will be fifty car loads. The shipment will be over the Illinois Central to New Orleans, thence over the Southern Pacific to San Francisco, where the ships will be set up.

Engine 115 was turned out of the Pittsburg shops today, after being repaired.

After a few days illness, William Baches, the boilermaker, is back at his duties in the Pittsburg shops.

One of the children of Otto Stoll, of the Bass blacksmith shop, is dangerously ill with stomach trouble.

John Unger, tinner, and F. J. Ruch, steamfitter, of the Pittsburg shops, are sick and unable to work.

W. Volkening, an employe of the Bass blacksmith shop, had a foot injured last evening and will be off duty a few days.

The storm this morning made out door labor impossible and the lumber yards of the city were deserted, some of them all day.

H. Koorsan, of the car shops, and Conrad Fork, of the lumber yards of the Pennsylvania, are off today, the latter to attend the funeral of a relative.

H. G. McDole, engineer at the Pittsburg car shop, on Lafayette street, has gone out in the country today to attend to some private business.

The absentee list at the Pittsburg round house shows that the following gentlemen are sick: Engineers C. Sweeney, W. K. Wilder, C. J. Pearson and W. H. Shelby.

H. W. Sloat, machinist at the Pittsburg shops, who had a foot injured a few days ago, is making rapid progress towards recovery and expects to be able to report for duty next Monday.

Peter Waumbaugh, the veteran janitor at the Pittsburg machine shop, is very sick with asthma and fears are expressed that the disease may prove fatal if there is not a change for the better very soon.

The Pennsylvania train dispatchers, twenty-two in number, had a group photograph of themselves taken this morning. A more handsome crowd never assembled, unless it might be the reporters of this city.

All of the railway trainmen who were off duty on account of the meeting of the Elks have resumed their respective places. This benevolent order in its membership embraces a large per cent. of the trainmen of this city.

During the monetary convention next week at Indianapolis, the roads leading to that city will make a special rate, sales commencing on Sunday, the 23d inst., and continuing four days. The rate from this city will be $3.60.

The storm, while quite destructive in the way of tearing down fences and out-buildings along the line of the Pittsburg, did not interfere with traffic, and all the passenger trains reached their distinations on scheduled time.

Casper Lehmkuler is sick. Ed. McLaughlin is off duty on account of the serious condition of his grandmother and Jule Goshway is kept from work by the sickness of some of his folks. These men are employed in the Pittsburg blacksmith shop.

Several traveling representatives of railroads are in the city today. They are Louis W. Landman, general agent of the Columbus, Hocking Valley and Toledo; C. R. Murray, traveling passenger agent of the Chicago and Alton; R. B. McSmith, traveling agent of the Grand Trunk.

A "Caffa Klatsch" was given at the residence of Mr. and Mrs. Con Sweeney last evening, to remind them of their twenty-fifth wedding anniversary. Mr. Sweeney is a veteran in the special police department of the Pennsylvania company and owns a cozy home on Brandriff street.

The Rio Grande passenger department has issued a concise table of rates to Alaska from the chief railway centers in the United States, starting with Chicago to Circle City, $361.50, and ending with Puget sound cities to Wrangle, which is only $13.

C. M. Jones, chief clerk at the Pittsburg freight house, has returned from Canandagua, N. Y., where a telegram summoned him a week ago to the bedside of his sister. He did not reach there before the death messenger, the lady having been dead several hours when he arrived. He was accompanied east by Mrs. Jones.

The Boston express on the Lake Shore road was last week hauled from Toledo to Sandusky, fifty-eight miles, in fifty-six minutes, the train consisting of eight cars. A tumbler of water was set on a table and filled, and in running that distance and at that speed not a drop was spiled from the glass, so smooth was the track.

Valparaiso Messenger: "An odd complication results at Wanatah from the attempt of the Pennsylvania company to tear down a platform which has been on its right-of-way for twenty years. Now Frederick Geiger claims to own the obstruction and has secured a temporary restraining order to protect it."

The Financial Chronicle, making its usual compilation of railroad gross earnings for the year, calls attention to the fact that the year 1897 was the best the railroads have had for a long time—in fact, since 1890. Furthermore, practically all the gain was scored in the last six months of the year, as up to June 30 there was actually a decrease as compared with the previous year.

James Cairnes, the machinist, went to Chicago yesterday to visit his son, Frank, for a few days. Mr. Cairnes, as the reader will remember, was severely injured on the head a few weeks ago and is just recovering. Frank Cairnes is also incapacitated for work, being at present confined to his home in Chicago by sickness. He is the foreman in the Pennsylvania shops in that city.

A letter from F. A. Rider, who is in California, states that he has completed the erection of a plant for extracting gold and silver from quarts upon the property of R. J. Fisher. The letter also contained the assayer's certificate of a recent assay of the quartz, showing it to be rich in minerals, particularly silver. There is, at this one mine, quartz sufficient to yield $150,000 in gold and silver and it is the intention to convert it into cash as rapidly as possible.

**The Surprise of All.**

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with la grippe and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store and selling lots of it, he took a bottle home and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at Dreier & Bro., drug store.

**Free Pills.**

Frank Williams, claiming to be a journeyman jeweler, attempted a bold daylight robbery in Mayr's jewelry store, South Bend. He knocked the clerk down and was looting the showcases when the clerk revived and raised an alarm. The robber attempted to escape, but was pursued and captured after a hard fight.

**Beware of Ointments for Catarrh that Contain Mercury,**

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

**The Astronomy of Life.**

When an astronomer foretells the exact minute at which two planets will cross each other, we know there is no magic about it. The whole universe is governed by laws. A man who studies these laws of nature carefully and reduces them to a science, can count on exact results every time.

A doctor knows that certain remedies affect certain diseases.

When a disease seems to have no remedy, the doctors pronounce it incurable. All the time Nature may have the remedy right at hand, but it will only be discovered by the doctor who has studied longer and deeper than others into this particular disease.

Consumption seemed for a long time without a remedy, until Dr. Pierce made his wonderful "Golden Medical Discovery" 30 years ago. It has proved to be a marvelous and almost unfailing specific for consumption and all forms of lung, bronchial and throat difficulties.

Its effects seem almost magical but its operation is based upon simple natural laws. It has the peculiar property of enabling the blood-making glands to manufacture healthy, red blood and pour it abundantly into the circulation. This nourishing, vitalizing effect is rapidly manifested in the lungs and bronchial tubes where it stops the wasting process and builds up healthy tissue.

It is readily assimilated by stomachs which are too weak to digest cod liver oil, and it is far superior to malt-extracts as a permanent and scientific flesh-builder in all wasting diseases.

"Twenty-five years ago eight different doctors told me that I would live but a short time, that I had consumption and must die," writes Geo. R. Soope, Esq., of Myers Valley, Pottawatomie Co., Kans. "I finally commenced taking Dr. Pierce's Golden Medical Discovery and am still on the land and among the living. I have faith to believe that it has lengthened my life for the last twenty-five years, and I have so much faith in all of your medicines that I want one of your 'Common Sense Medical Advisers.'"

Dr. Pierce's medicines are recognized as standard remedies throughout the world. His "Pleasant Pellets" cure constipation.

## A CHANGE.

**Harvey Stites Buys the Interests of His Partners.**

**William Malle and Frank France Retire From the Corner Cigar Store--Mr. France as a Landlord.**

Today a business change was effected whereby Harvey Stites purchased the interests of his partners, William Malle and Frank France, making him the sole proprietor of Corner Cigar store. Mr. Stites is popular and energetic and will build up the business. Mr. France retires owing to a new business opening at Decatur, Ind. He has leased the Burt house at that place, and has also purchased the furniture of Dick Townsend. That he will make an affable host goes without saying, and that he may succeed is the wish of his many friends. Mr. Malle has not decided upon his future plans.

## FATHER KOENIG ILL.

**His Condition Regarded as Extremely Critical.**

**Suffers From an Attack of Pleurisy, With Complications--It is Feared That the End is Near.**

The Rev. E. Koenig, pastor of St. Paul s Catholic church, is lying critically ill of pleurisy, with complications, and it is feared that the end is near.

Father Koenig was taken with an attack having the symptoms of grippe, several days ago, and he grew steadily worse since that time. Shortly before noon today he suffered great pain and appeared to be getting worse so fast that Dr. McOscar was hurriedly summoned. He afforded some relief but regarded the case as critical, owing to the patient's advanced age.

Father Koenig became pastor of the St. Paul's congregation in 1865 and has labored with energy and zeal in that flock ever since. It was through this beloved priest that the St. Joseph hospital was founded, he having addressed the first communication on the subject to Vicar General Paderborn, who was instrumental in sending the first sisters here from the southern part of Germany.

**Boarding-House Soup.**

From the London Society Journal: The proprietress of a Brighton boarding-house was musing over her menu. In her company sat the lady who had just sunk her $5,000 in that concern and who was being initiated into the mysteries of the profession. "Now, then, dear," said the principal, "soup—what shall we call it?" "Well," replied her companion, "I suppose that depends upon what it is made of." "Ah, ask rather upon what it is not made of. But, of course, as you are now one of us, I don't mind telling you that, though it is a most nutritious article of diet, it is manufactured from the little et ceteras which our guests leave on the edges of their plates." "Then I think you had better put it down as 'potage a l'omnibus.'"

**Revaccination of Children.**

A Polish physiologist, Dr. Jasiewicz, has gathered together some statistics which seem to show that the immunity from vaccination in infancy lasts a much shorter time than is commonly supposed. In the case of twenty-three children under 6 years of age vaccination was successfully performed in seven—35 per cent. Jasiewicz, therefore, recommends more frequently revaccination in childhood, and especially in early childhood. He believes that it protects from other infectious diseases as well as variola.

**Suicide Increasing Abrorh.**

Suicide is alarmingly on the increase in France and noticeably increasing in England. The law of England considers an attempt to commit suicide a felony.

## MADE HIS STAKE.

**Archie Baldwin Returns Home Wealthy and Wise.**

**Left Home When Sixteen Years Old and His Parents Could Not Locate Him for Twelve Years.**

Archie Baldwin, a cattle king on a small scale, is the guest of his parents, Mr. and Mrs. Abel Baldwin, who live near the Indiana School for Feeble Minded Youth. His coming was unheralded and inasmuch as his folks have not been informed of his whereabouts for twelve years the sudden appearance of a long lost son has somewhat upset the equilibrium of the Baldwin household. The fatted calf has been driven in and all the honors that belong to the prodigal son will be bestowed upon the home-comer.

Twelve years ago young Baldwin, then sixteen years old, left home without consulting his parents in the matter. He struck out for the uncivilized west, became acquainted with a wealthy ranch owner, and fell into a streak of good luck that brought him money and lots of experience. Being shrewd, ambitious and possessing courage to endure the hardships of that wild life, he soon became a cattle owner. He now owns a fine ranch in Nebraska and is prospering. After a visit with various relatives he will return to his western home.

## CAVED IN.

**Rain Causes Damage in Lakeside Sewer Trenches.**

**Contractor Anton Rieg Meets With a Serious Obstacle in His Work on an Improvement.**

The heavy rain has caused serious damage to the Lakeside sewer trenches, where the new fifteen-inch sewer is being built. The trenches between Columbia and Lake avenues were washed in last night and the contractor will be compelled to excavate again before the work can proceed. Owing to the sandy soil in Lakeside cave-ins are feared constantly by sewer builders who are compelled to excavate. When Contractor Empie constructed the big sewer in that addition he was compelled by circumstances to buy $1,000 worth of lumber to brace the sides of the trenches.

## BICYCLE TRACK.

**Board of Works Will Have Plans Prepared.**

**An Improvement at Swinney Park That Will Cause the Cycling Public to Rejoice.**

The board of works, at the meeting this evening, will instruct City Engineer Randall to prepare plans for the proposed bicycle track at Swinney park. It is intended to make a track about fourteen feet in width, to lie inside of the present half-mile driveway, with a sodded strip between the two. The work will be done early in the spring.

The board is also contemplating the laying out of a driveway around the grove and this matter will probably be decided tonight.

## SUPERB ATTRACTION.

**Seats on Sale Friday for the Next Entertainment of the Woman's Club League.**

Reserved seats for the next entertainment in the course offered by the Woman's Club league can be secured next Friday. The following notices are interesting to holders of tickets:

As for Mme. De Vere, since the days of Patti and Nilsson no such soprano has been heard in Music hall.—Cincinnati Enquirer.

Mrs. Murray's mastery of the harp, that most expressive instrument, was a revelation. She is of modest and sweet appearance, and plays with a grace in perfect accord with the harmony her trained fingers evoke. Her technique is that of an artist in love with her instrument, and aside from her wonderful instrumentation, she gives life and spirit to the tone.—Minneapolis Journal.

Paul Listemann may virtually lay claim to his talent by inheritance, being the son of the famous violinist, Bernhard Listemann. He began the study of the violin at an early age under his father. When but seventeen Paul took his place in the famous Listemann String quartet, appearing with that organization in tours through the east and west. Thus well prepared, he went to Leipsic in 1890, studying with Brodsky and Hilf. In 1793 he passed his public examination, playing the Joachim Hungatian concerto, and creating a furor. Aspiring to the highest degree of virtuosity, we find the young artist in the autumn of 1893 in Berlin, where, of sixty-eight candidates, he won the signal honor of being the only one to come directly under Joachim's personal guidance. He completed his musical education in a two years' course under the greatest violin master of his time.

## RINK MEDAL.

**James Dormer's Rink Victorious in Yesterday's Curling Game.**

The rink medal offered in the curling game at Brookside, was won by the rink skipped by James Dormer, by a score of 37 to 33. The score varied and alternated throughout the game, first one rink and then the other being in the lead. Four times during the progres of the match the score stood a tie, and then the excitement was intonse. The rinks were composed as follows:

George Jaap, Henry McMillen, James Gillie, George Thumm, Charles Couser, William Miller, Alex Forbes, and James Dormer, skip.

Duncan McNaught, E. C. Crampton, John Miller, Thomas Kavanaugh, David McKay, Robert Creig, and John H. Bass, jr., skip.

The teams were evenly matched, and the game was well played throughout. The members of the clubs expressed great regret at the inability of the Hon. F. J. Hayden to participate in the sport. Mr. Hayden was injured during a game at the Fort Wayne curling club's rink, on New Year's eve, and has not been able to play since that time.

## CHAMP CLARK

**Stirs up a Breeze in the House**

**By Making a Speech on the Cuban Question.**

**His Views Not in Accord With the Republicans.**

**He Denounces the Administration in a Most Bitter Manner--His Plan of Action.**

WASHINGTON, Jan. 20.—Before the Cuban debate was resumed in the house today Mr. Lacey, republican, of Iowa, chairman of the committee on public lands, called up a bill to extend the public land laws of the United States to the territory of Alaska and to grant right of way, under certain restrictions, to any railroad organized under the laws of any state in the Union. It was explained that the right-of-way grant was 100 feet on each side of the road, but that all mineral deposits were specifically reserved. Without completing the consideration of the bill it went over and the house went into a committee of the whole and resumed the considera; tion of the diplomatic and consular appropriation bill.

CHAMP CLARK'S BREEZE.

Mr. Clark, democrat, of Missouri, opened the debate with one of his characteristic breezy speeches. He said in part:

"If Spain does not bring the war to a speedy conclusion the United States ought to expel her from the western hemisphere. There can be no doubt as to what has been our traditional foreign policy. What our foreign policy is under the McKinley administration, like the peace of God, passeth all understanding.

"In these days of McHannaism our foreign policy is so feeble, so cringing, so cowardly that even old and decrepit Spain insults our flag, maltreats our citizens and searches our ships with perfect impunity, and President McKinley, instead of sending men of war to protect our honor, assert our supremacy and teach the insolent and impotent Dons a lesson they would never forget, passes the hat around and invites the American people to contribute alms for starving and dying Cubans.

"It is high time that we served plain and emphatic notice on all kings, emperors and potentates that the navies of trans-Atlantic powers shall not be used as collection bureaus for questionable debts, as was done a year or two ago at Corinto and as was done a month or so ago at Hayti.

THE CUBAN CASE STATED.

"The Cuban case is this. For three years the insurgents have fought with a courage and suffered with a fortitude that has challenged the admiration of the world, save and except the McKinley administration. Three or four hundred thousand people—some of the papers say 600,000—have died, men, women and children, as much martyrs in the cause of liberty as was Warren or any other hero who died that we might be free—and yet the McKinley administration lifts not its finger to stay the slaughter and can think of nothing more effective for their relief than to pose as the big beggar man.

"The party of Sumner, Chase and Seward, which proudly vaulted itself as the friend of man, has become the ally of pestilence and arson, famine, devastation, rape and murder. To every suggestion that we should re-enter upon a vigorous foreign policy we are met with the hysterical shriek that we are advocating war. It is not true. But suppose it were—there are some things worse than war, deplorable as war unquestionably is—and one of them is to play the cry baby act until we are despised of all nations, and kindreds, and tongues.

"Now that we number 70,000,000 souls, a republican administration cannot be taunted, kicked or cuffed into resenting an insult or demanding reparation for any injury.

"Such a contemptible and pusillanimous policy is enough to make Grant, Sherman and Sheridan, Dupont, Farragut and Porter restless in their coffins.

"My republican friends," he said in conclusion, "I invite you to lay aside the weight that is holding you down. Assert your rights, come out on the side of eternal justice and human liberty, thereby demonstrating that you are worthy of the high vocation wherein you are called. We democrats and populists stand here ready to remove from America her great reproach. We on this side will contribute 152 votes. If only twenty-seven republicans will break the yoke, defy their task masters and join us in this noble work, before the sun sets this day we will send the glad tidings ringing round the world that 'Cuba is free.' Free, thank God, by the act of the American congress."

THE SENATE.

**Many Resolutions Introduced, None of Great Importance.**

WASHINGTON, Jan. 20.—Mr. Mills, of Tex., secured the passage by the senate today of a resolution directing the secretary of war to make an examination of the Port Arthur ship canal, with a view to its extension to deep water

Mr. Gallinger, of the committee on public health and national quarantine, secured the adoption of a resolution empowering the committee to investigate the desirability of removing the quarantine station from Ship Island to some other point in the Gulf of Mexico.

Mr. Frye, of the commerce committee, reported favorably and secured the passage of a bill providing for the construction, at a cost not exceeding $70,000, of a lightship to be located near Cape Elizabeth, Maine.

Mr. Allen, of Nebraska, introduced a resolution directing the secretary of the interior to send to the senate the full and explicit charges made against Mrs. M. E. Roberts, recently dismissed from the pension bureau. Immediate consideration being asked for the resolution, Mr. Gallinger, of New Hampshire, said the heads of departments had absolute power to remove clerks and there is also a civil service commission which has practically final authority in cases of this kind. He thought congress ought not to take up the discussion of such cases. Considerable discussion, but without result, occurred, it being developed that Mrs. Roberts had been discharged on allegations affecting her character. Mr. Allen said he did not know Mrs. Roberts, but it was infamous to dismiss a woman on such charges without a hearing.

"Mr. Pettigrow secured the passage of a resolution directing the secretary of the interior and the attorney general to inform the senate what steps the government had taken concerning the killing of a woman in Oklahoma territory by Seminole Indians and the burning of two Seminole Indians in the same territory.

The resolution inquiring of the postmaster general what action was necessary to maintain the excellence of the postal free delivery service was agreed to, and Mr. Tillman's resolution extending the authority of the inter-state and foreign committee relative to the investigation of the giving by railroads of transportation for any other consideration than cash was passed.

Mr. Lodge, of Massachusetts, then moved that the senate go in executive session. This was antagonized by Mr. Vest, who called attention to the fact that he had given notice of his intention to call up the Teller resolution.

At 2 o'clock the Teller resolution was made the unfinished business and an agreement reached to lay it aside and the senate then went into executive session.

## RAIN AND FLOOD.

**The Ohio and Its Tributaries the Scene.**

CINCINNATI, Ohio, Jan. 20.—The Ohio river after a sudden rise last night at the rate of five feet an hour, caused by the flood in the Little Miami and the Licking rivers, settled down at a rate of three inches an hour, with the exception that between 6 and 7 o'clock this morning there was a rise of six inches. The rain fall, which ceased before daylight, amounted to two and thirty-four hundredths, and it came so heavily as to nearly all flow into the rivers. High winds have prevailed throughout the night and today and the temperature is falling, both of which conditions operate to lessen the danger of flood. According to present advices there has not been a general heavy rain in West Virginia nor elsewhere about headwaters. At Pomeroy the river was reported stationary at twenty-eight feet this morning, with hard rains all night, the weather being like April. Much damage has been done along the Little Miami river. The bridge on the Pennsylvania road at Morrow has gone out, causing a long detour by trains.

ST. LOUIS Mo., Jan. 20. — A special to the Post Dispatch from Ridgeway, Ill., says: A very disastrous wind and rain storm visited this county last night, unroofing houses, blowing down fences and killing stock. The back waters of the Ohio and Wabash rivers are inundating this territory.

## LOOKS LIKE WAR.

**British Warships Ordered to Chinese Waters.**

**Entire Fleet at Esquimault to Steam at Once.**

**Must be Under Way Within Forty-eight Hours.**

**Some of the Fleet Now Far Out to Sea and Other Gunboats Being Hurriedly Coaled.**

VICTORIA, B. C., Jan. 20.—Orders have been received at Esquimault by Rear Admiral Palliser from the admiralty instructing him to have every vessel in his fleet ready to start for China on forty-eight hours' notice. Immediately all was bustle around the dock yards, the crews of the different vessels being busily engaged rushing coal and provisions on board. Then came an order for her majesty's ship Pheasant to start on her trip across the Pacific today, she being nearer ready than the others. Tonight she will be well out to sea.

Later instructions were received for H. M. S. Imperials, the flagship of the station, to proceed to the scene of activity. She will start on Saturday. It is not known whether or not Admiral Palliser will accompany her. It is not likely unless the conditions in the orient reach a climax, that the other vessels at present here will be ordered there. The Icarius is only a small vessel and the Phaeton and Leander, having just completed a long voyage, are in need of some repairs. In fact, the Leander is already in the dry docks and the Phaeton is to follow her.

It is not known just where H. M. S. Amphion is at present, but she has probably completed her work at Cohoes Island and is coming north, being under orders to report at Esquimault. The torpedo boat Destroyer will remain at Esquimault. The next order is one to have the armament of the Empress boats ready to be shipped on short notice.

## HORRIBLE FATE.

**W. C. Hoge Ground to Pieces Under a Train.**

**Was Going Home to Meet His Wife From Whom He Had Been Estranged By Dissipation.**

FORT SCOTT, Kas., Jan. 20.—A horrible fate today intercepted W. C. Hoge, of Nevada, Mo., on his journey home to meet his wife, with whom he was about to become reconciled. He fell under a Memphis freight train at Fulton and his clothes and portions of his body were found at Liberal, Mo., three miles distant.

He was mutilated beyond description, but was identified by an affectionate letter from his wife pleading with him to stop his dissipation and return to her under promise that she would dismiss a pending divorce suit.

He left home almost a year ago and would have joined her today. As much of the body as could be gathered in a basket has been sent to his wife at Nevada.

## WHITE HOUSE RECEPTION.

**First Social Function of McKinley Administration Well Attended.**

WASHINGTON, Jan. 20.—The first official reception of the present administration was given at the white house last evening.

Aside from the fact that it was the first, interest in the event centered in the new method of distributing the invitations so that only a certain proportion of those entitled to the hospitality of the executive session would be entertained in a single evening.

The receiving party consisted of the president and Mrs. McKinley, the vice president and Mrs. Hobart and the members and ladies of the cabinet. All of those were present except Secretary Alger, who was still too ill to venture out, and Mrs. Bliss and Mrs. Long, each of whom was represented by her daughter. When the house party entered from the upper hall it was noted that Mrs. McKinley was leaning on the arm of the president, reversing the usual rule by which the president escorts the wife of the vice president and the latter the mistress of white house.

The reception of the diplomatic corps came first. Sir Julian Pauncefote, as the dean of the corps, led the way, but did not, as customary, remain to present his colleagues to the president. Practically all the diplomatic corps was present, including the Spanish minister.

## WAR AMONG THEOSOPHISTS

**Organized Movement to Depose Mrs. Tingley, the Present Leader.**

NEW YORK, Jan. 20.—There is civil war in the Theosophical society once more. There is an organized movement against the present leader of the society, Mrs. Katharine A. Tingley.

At a meeting last night of the Aryan branch the matter of a circular, which one faction in the society had sent out, was brought up. It was said that the circular was in the nature of a political intrigue and that it was directly opposed to Theosophical doctrines.

Mrs. Tingley said she was directly opposed to political methods, and that she had positive proof that some signatures to the opposition circular has been obtained under false pretenses. Some members had even been told that she had signed the circular. The malcontents wish to restore E T Hargrove to the presidency

**Important Meeting Held at Indianapolis.**

**Representatives of the Independent Exchanges of Indiana Have a Session--Business is Growing.**

INDIANAPOLIS, Jan. 20.—The Indiana Mutual Telephone association held its annual meeting at the Bates House, yesterday. The morning session was short and in the nature of an "experience meeting," when managers of the different exchanges told of the progress they were making and how they meet competition E H. Andress, of Lafayette, president of the association, said that the independent telephone business throughout the state is on the increase, both in the number of subscribers to older exchanges, and in the number of new exchanges which are being put in.

George W. Beers, of the Home Telephone company, of Fort Wayne, says the company has 1,400 subscribers and charges a rental of $36 a year for telephones in business houses and $24 for those in residences. Where a subscriber has both, the rate is $48 a year for the two. He said the company has 700 miles of wire reaching other towns in Indiana and Ohio.

A COMMITTEE REPORT.

The committee appointed at the last meeting to confer with similar committees from other states relative to the establishment of a comprehensive long-distance service, said that the only way to obtain the desired result is to incorporate the independent exchanges of the state into one company, with sufficient capital to bond the connecting lines. It was recommended in the committee's report that this movement be taken up at once and developed as rapidly as possible.

The Indiana committee consists of E. H. Andress, George W. Beers and Hugh Dougherty. Their report says that in the states of Indiana, Ohio and Pennsylvania there are 250 independent exchanges, with more than 100,000 subscribers, and the capital invested is more than $5,000,000.

OFFICERS ELECTED.

The afternoon session was held behind closed doors. The following officers were elected for the ensuing year:

President—E. H. Andress, of Lafayette.

Vice President—J. S. Stone, of Rushville.

Secretary and Treasurer—A. E. Reynolds, of Crawfordsville.

Assistant Secretary—W. H. Ernst, of Bluffton.

Executive Committee—E H. Andress, J. S. Stone, A. E. Reynolds, George W. Beers, of Fort Wayne; C. M. Zion, of Lebanon, Elbert Shirts, of Noblesville; A. E. Ramsey, of Crawfordsville.

## WILL BE A RUSH.

**Thousands to Pour Into the Klondike Gold Fields.**

**One Transportation Company Expects to Carry 10,000 Passengers Next Month and 50,000 for the Season.**

SAN FRANCISCO, Jan. 20.—The local transportation companies are preparing to accommodate the rush to the Klondike. The Pacific Coast Steamship company has arranged a schedule that will give a five day steamship service from today between San Francisco and Alaskan ports. The company expects to handle at least 10,000 passengers out of this city next month and during the entire season the total tonnage in this port is calculated to accommodate 50,000 people.

About June 1, steamers will be placed on the run between this city and St. Michaels. The Alaska Commercial company will run the steamers St. Paul, Dora, Bertha and Portland, with an average carrying capacity of fully 300 persons each. These vessels will connect with the river steamers upon the breaking up of the ice and not less than two trips a month will be made from here. The Pacific Steam Whaling company will run steamers to Cook's Inlet and Alaska. These means of getting to the gold fields will be greatly augmented when the vessels now in course of construction are completed.

## FOUND DEAD.

**Shocking Fate of John Brown, Near Arcola.**

**Struck by a Train and Killed Instantly.**

**Was a Cousin of William Kaough, of This City.**

**Remains Discovered Alongside the Track Early This Morning by the Pittsburg Tower Man**

At 8 o'clock this morning the tower man of the Pennsylvania company at Arcola, discovered the remains of John Brown alongside the track, about 100 feet east of the tower The man had been struck by a train and probably died instantly, as his skull was crushed. Brown was aged fifty-five years and was unmarried. Michael Brown, living half a mile northwest of Arcola, is a brother of the deceased and took charge of the remains. The supposition is that Brown was on his was to the tower, where he was in the habit of sleeping, when he met his death. The dead man was a cousin of William Kaough, of this city.

Sheriff Melching and Coroner Kappel went to the scene of the accident this afternoon.

## TWO UNFORTUNATES.

**Trouble Drives Them to Self-Destruction.**

**Luther Hough Drowns In a Bath Tub and A. Blackney Shoots Himself.**

CANTON, Ohio, Jan. 20.—A bell boy at the Hurford house found the dead body of a man in a bath tub filled with water, last night. The remains were recognized as being those of Luther Hough, a traveling salesman for a gentlemen's furnishing goods house. He registered from Jamestown, N. Y.

NEW YORK, Jan. 20.—A. Blackney, of Covington, Ga., a traveling salesman for Beck & Gregg, hardware merchants of Atlanta and Savannah, Ga., shot himself in the left breast in a West street hotel today He is in a dying condition. He left a note saying that he was about to end his life because of unrequited affection.

## COAL MINERS

**Open the Inter-State Conference Today.**

**The Initial Session Brief and of Little Interest--Differentials the Bone of Contention.**

CHICAGO, Jan. 20.—The opening session of the Interstate Bituminous Coal Operators and Miners' conference today was of but a few minutes duration. No report being received from the scale committee, and that body having asked for more time, a recess was taken. Discussion of the state differentials is waxing very warm in the committee meetings. Last night the Ohio and Pennsylvania operators conferred, but, it is said, only got further into the mire. The Pennsylvanians are said to have presented an ultimatum in the form of a demand that no differentials be allowed to longer exist between the two states. The proposition was at first bitterly opposed by the Ohioans; but after a long wrangle they are said to have expressed a willingness to compromise on the basis of a four cent differential in place of the existing nine cents difference. But even this, it is said, was unsatisfactory to H. L. Chapman, of Ohio. In fact it is stated that the former candidate for governor become so pronounced in his disapproval of the compromise that it was agreed to practically ignore him in reaching a settlement. Mr. Chapman, when asked whether the report was true, said: "If the conference has decided to disregard me or throw me out, I am unaware of the fact; but, we have not reached an agreement on the differential."

Indiana and Illinois operators have also been in conference over the differential question. When the Indiana mines resumed after the late strike they obtained a slightly better rate than the Illinois people, whereas previously there had been a margin of five cents in favor of Illinois This matter the operators of Illinois want adjusted and it can be done, they say, by both states inaugurating the mine run or gross weight system An agreement between Illinois and Indiana is, it is thought, much more likely than of that between Ohio and Pennsylvania When the questions have been settled, the scale committee, it is believed, will have clear sailing. Reports reached the convention today that 300 miners employed in the Acme mine at Streator, Ill., had gone out on the strength of a rumor that the scale to be adopted would reduce their rate four cents per ton Officials of the state mine workers wired them that there was no truth in the statements regarding a reduction and advising their return to work.

Charles Nestel, the sixteen year old son of Daniel Nestel, jr., of 22 Scott avenue, was removed in the city ambulance to the St Joe hospital today, to undergo an operation for appendicitis The surgery will probably be performed tomorrow

## WON BY ACTON.

**Some Good Wrestling Shown at the Athletic Exhibition**

At the benefit athletic exhibition at Jackson's hall last night, the principal event was the wrestling between Joe Acton and Treese. It was scientific and stubborn from start to finish Acton won the first fall after an hour and fifty-two seconds of hard work. Acton won the second fall in five minutes The boxing bouts were all draws Herbert Hale, of Indianapolis, was referee in all contests.

## FROM HAVANA.

**There Is No Disorder in the Cuban Capital.**

**Origin of the Recent Riots--Captain Puga Shot by Insurgents He Tried to Bribe.**

HAVANA, via Key West, Fla., Jan. 20.—Since Saturday the rioters have been quiet, with the exception of a dynamite bomb exploded in the Plaza de Colon, which did no harm. The rumors that the volunteers would revolt against the government have had no foundation. Nevertheless, on Saturday and Sunday several generals arrived here from Matanzas province and the outlying portions of Havana province with additional reinforcements. About 15,000 men are now located within the city limits and in the outskirts.

Certain politicians have industriously circulated rumors that the volunteers would join in the riots and have still further increased popular passion by saying that the government intended to disarm them. It has also been said that the volunteers would not have the ballot, because in the pay of the government. This is not the fact, as only the buglars, the mobilized guerillas and a few others are paid. The rest are merchants and clerks, serving without government pay.

BREEDERS OF TROUBLE.

Those responsible for circulating these rumors are interested, it is asserted in palace circles, in breeding trouble between the government and the volunteers, so as to have the latter disarmed and to be assured of ten thousand men against the insurgents.

Now that the disturbances have quieted down the greater part of the troops have returned to their respective stations. Among the government supporters the riots are explained as wholly without previous arrangement. The rioters on the other hand, blame the authorities for tolerating newspaper attacks prohibited by law. Though without social standing the rioters insist upon their patriotism.

Upon the body of Captain Puga, military commander at Rincon, this province, was found a letter signed by Puga, offering to Insurgent Leader Hernandez $2,000 and free passage to the United States if he would surrender with fifty armed followers. Another letter answering the above was found addressed to him, saying that if he continued his attempts to corrupt the insurgents he would be court-martialed and shot if captured. As Puga could not induce Leader Hernandez to surrender, he began negotiations with Leader Juan Delgado through the latter's father.

CAPTAIN PUGA SHOT.

Leader Hernandez having learned of this, captured and shot Captain Puga without allowing him to communicate with Delgado. When this was known a special force left Rincon and recovered the body, with letters on it. The government sent $20,000 to the military commander at San Juan de Las Yeras to procure the surrender of Leader Loreto Chero, and his nephew. The members of the cabinet will issue a manifesto explaining "the salient points of the scheme of autonomy and its advantages over independence" together with an appeal to the insurgents to surrender

## HAVE IT HERE.

**Evansville Isn't Able to Accommodate the Doctors.**

**Does Not Have the Hotel Facilities--Fort Wayne Is Fully Able to Handle the Crowd.**

Dr. W. N Wishard, president of the State Medical society, has received information that Evansville will have to decline the honor of entertaining the society at its annual meeting in May on account of the utter lack of hotel facilities The principal hotel in that city is now being rebuilt. The executive board of the society will hold a meeting next Saturday to fix the place for the meeting. The membership of the association is 1,500 and several hundred physicians attend the meetings. Here's an opportunity, perhaps, to capture a good meeting for Fort Wayne.

## BAD FOR SCHELL.

**Bound Over to the United States Court.**

**His Partner, Compton, Must Also Answer.**

**Schell is in Jail in Default of $3500 Bond.**

**Evidence Against the Globe Produce Fellows Was Very Damaging--Other News of the Courts.**

United States Commissioner Logan believed there was was enough evidence against Ed Schell and W. J. Compton to warrant his binding them over to the United States district court on charges of having used the United States mails for fraudulent purposes. The pair was given a hearing yesterday afternoon, and at the close of the inquiry Commissioner Logan fixed Schell's bond at $500, and Compton's at $250. Attorney E. V. Emrick appeared for Schell and Attorney G. F. Felts for Compton.

The principal witness was Peter Manfolder, a celery grower from Kalamazoo Manfolder testified that on one occasion he sent a small consignment of celery to the Globe Produce company and received pay, some $3 or $4, with much promptness. He was impressed that the Globe concern was all right and later sent a consignment of about $100 worth, an order for which he had received. For this he has never received pay.

Jerry Dutter, of Angola, testified that he had shipped ten crates of produce to the concern. This was returned because the express company could not locate the concern, a wrong address having been given Dutter. Later he sent another consignment, which was received but never paid for.

It was brought out in the evidence that Schell and Compton occupied a room on Railroad street, where they received shipments of fruit and produce, but a mail carrier testified that the firm's mail was delivered at another place.

Attorney Felts furnished bond for Compton, who was released from custody.

Up to a late hour this afternoon Schell had been unable to procure bond and he may have to go to Indianapolis to lay in jail until the United States district court convenes next May.

Sheriff Melching acted as interpreter for Mr. Manfolder, who is a Hollander and unable to speak English.

VERDICT FOR COX

The superior court jury before whom was tried the suit of Cox vs. Holman, returned a verdict for the plaintiff for the sum of $13. The jury was out nearly all night.

SUIT FOR WAGES.

The suit of Andrew L. Schroeder vs. the Fort Wayne Fidelity Benevolent association, demanding $500 claimed to be due as wages for services rendered while in the employ of the association, is on trial before a jury in the superior court.

OTHER COURT NEWS.

The board of commissioners was engaged today in the consideration of county road matters.

William Kolb, a German, has taken out naturalization papers.

In the circuit court a jury is listening to the testimony in the replevin suit of the Continent Shoe company of Chicago, vs. Richard L. Tretheway, the shoe dealer, whose affairs recently became involved.

**Croup Ends the Life of Baby Charles Gallmeyer, of Marion Township.**

Charles, the six-month-old son of Mr. and Mrs. Conrad Gallmeyer, of Marion township, died Tuesday, of croup. The funeral will be held Friday, at 1 p. m., from the house.

ROACH.

Elmer Roach, aged twenty-one years, an inmate of the State School for Feeble Minded Youth, died at the school yesterday. Consumption was the cause of death. He came to the school from the orphans' home at Greensburg in 1890 and has no known relatives.

The funeral occurred at the school at 10 o'clock this morning.

SHIRE.

The death of Lottie, the six-months-old daughter of Mr. and Mrs Harry Shire, occurred at their home, on Piqua avenue, at 2 o'clock yesterday morning. The child had the measles, and it was from the effects of this disease that it died.

The funeral was held from the residence at 9 o'clock this morning, the Rev. Miller officiating. Interment was at Leo

## LEFT HIS DEBTS UNPAID.

**A Merchant of Metz Departed With a Woman, It Is Said.**

BUTLER, Ind., Jan. 20.—James Kannel, an old resident of Metz, is missing. He was one of the largest merchants in Steuben county, and, it is said, leaves over $6,000 in debts unpaid. He sold a stock of merchandise valued at $8,000 for $4,000 just before he left. His principal creditors are in Chicago, Cleveland and Toledo, all wholesale houses He has been doing an extensive business and his credit was first-class It is reported that he had recently been leading a fast life and a woman is said to have disappeared with him.

## AT THE CITY HALL.

**Some Municipal Chat on a Rainy Morning.**

**Mayor Scherer Receives an Inquiry About John Nelson Eaton--Light Police Court This Morning.**

This morning Mayor Scherer received a letter from Mrs. Eugene Taylor, of Cumberland, Md., in which she makes inquiry of the whereabouts of John Nelson Eaton, who moved to this county in 1863. She states that the matter is very important. The directory of the city and county does not give such a name, and so far as investigation has gone no clew that might lead to to his discovery has been obtained. Eaton, the writer says, came from Berkley county, West Virginia.

PRISONERS CAPTURED.

Superintendent Gorshne received notification a few days ago of the escape from the northern prison of Simon Booker, a colored life prisoner, serving for murder, and Geo. Kuykendall, serving two and a half years for assault with intent to kill. A telegram was received today stating that the men were captured sixteen miles northwest of Chicago. If they had ever reached that city there would have been a small show for getting them.

COMMITTEE MEETING.

The committee on public improvements will have a meeting tomorrow evening, when several matters will be discussed and placed in shape for presentation to the council.

WANT IT FOX AVENUE.

Gus Fox and a number of other property owners have sent a petition to the city clerk, asking that Shawnee avenue and Fox street be named Fox avenue. Shawnee avenue residents also submit a petition to have the name of Shawnee avenue adopted. It is one thoroughfare, but Shawnee avenue having been opened years after Fox street, and then being out of the city in South Wayne, it was not christened after the street to which it became an extension.

**And 700 Men Thrown Out of Employment.**

**A Strike of Rivets Brought the Shut Down--Will Endeavor to Get Another Force.**

BAY CITY, Mich., Jan. 20.—Wheeler & Co.'s ship yard shut down this morning, throwing 700 men out of work, as a result of the riveters refusing to accept a 7 per cent. increase in wages. The riveters had been on a strike several days, their object being so obtain the same scale of wages paid in 1895. When the riveters declined the company's offer of increase the company resolved to close their yard and endeavor to employ an entirely new force of workmen. The riveters would have accepted the proffered increase had they not been required to sign an agreement not to act as a body, but as individuals, and to agree that the company retain 10 per cent. of their wages as a forfeit against quitting without its consent.

THE statistics regarding immigration for the past year show a decrease of 112,445 over the previous year. The greatest number from Italy, but the total number was only 230,832.

MARK HANNA is elected, Durrant is hanged, Charlie Page Bryan, of Illinois, has got a diplomatic job and the war cloud that came out of the east has gone back Now if old Gen Cash Clay and his baby wife can contrive to get their domestic affairs patched up the country will be in a fair way to enjoy a season of comparative quiet.

THE usefulness of the horse is rapidly waning, for reasons that are patent to every one—the steam engine, the electric trolley, the bicycle, and now the "motor wagon," have conspired to make him a "back number." Today the rangers of Montana and other western states are clamoring for the annihilation of the herdes of mustangs which are unsalable, yet which are destroying at a frightful rate ranges which would otherwise support immense herds of cattle

ANOTHER illustration of the folly and danger of trifling with the marriage ceremony. Some years ago, to win a wager, Frank Fiske Farwell and Miss Maude Evelyn Shaw went through what was regarded by them as a mock marriage. It took place in Rhode Island. Recently Miss Shaw was married in earnest to Henry Collier Mix It now turns out that, according to the laws of Rhode Island, the first ceremony was legal and binding, and the young woman awakens to the fact that she is amenable to the charge of bigamy No end of legal difficulties have arisen over the case, and it is a very unhappy affair all around. When youth learns that marriage is no trifling matter and governs itself accordingly it will save itself from some very unpleasant experiences

AMERICAN enterprise and ingenuity penetrate not only to the remotest ends of the earth, but even underneath it An American firm has just closed a contract to supply six large dynamos to be used in furnishing incandescent lighting for the catacombs at Rome By affording a brighter illumination the thrifty Romans expect to attract a larger number of visitors to these underground tombs of the early Christians The innovation will be in strict accordance with modern ideas, but to some it will seem almost like desecration

REPUBLICANS insist that the tariff has nothing to do with the strike of the cotton mill operatives in New England They maintain that reduction of wages is necessary to enable the eastern mills to compete with the mills in the south That may be true doubtless it is But may it not be true in varying degree of all other industries? The tariff wall is designed, we are told, to protect labor and wages in this country If the danger lies in domestic competition then labor is entitled to buy its necessaries with absolute freedom from tariffs

ELECTRICITY is silently stealing its way along the railroad tracks The electric line has the call for short distances and for light service The electricians are at work on the long distance problem. Watt has a rival in the kilowatt. The Railway Age, in its summary of railway building for last year, says "In New England steam railway construction continues practically suspended, as has been the case for several years, only thirty-three miles being added in the six states. On the other hand, a surprising number of electric lines have been built for country as well as city service, and this is true also of every other state."

THERE has just died in England a statesman who was a member of parliament before Queen Victoria began her reign, and who every year that the queen has sat on the throne has had a seat in the house of commons. We have some legislators of long service, such as Senator Morrill of Vermont But Right Hon. Charles Pelham Villiers, who died in London recently, had been sitting in the house of commons twenty years before Justin S. Morrill began his legislative career in the American house of representatives, and was inducted into parliament when Andrew Jackson was president of the United States. He was called the "father of the house," but might have been called its grandfather.

A NOTABLE victory has been won by the newspapers of Denver, Col. Nearly two weeks ago fourteen of the largest department stores in the city made a combination to force down advertising rates, the demanded reduction being 30 per cent. The four daily newspapers then combined to resist the demand and gave notice that rates were increased 11 per cent. over the old card figures. The labor unions, peculiarly strong in Denver, inaugurated a boycott on the department stores, to which they are on principle opposed. The stores sought to advertise by using handbills thrown about the streets, but encountered the city authorities, who proceeded to stringently enforce an ordinance against the distribution of circulars on thoroughfares This singular and interesting contest was brought to an end Tuesday night by the complete and unconditional surrender of the department stores and acceptance of the new scale of rates.

## "BETTER BE DEAD!"

### Agonizing Cry Wrung From a Despairing Heart.

### But There is Always Hope for the Sick and Suffering.

Dr. Greene's Nervura Certainly Does Cure -- Will Surely Make You Well.

How often the weak, tired, worn-out man or woman, thoroughly exhausted in nerves and body, and with despairing voice exclaims, "I had better be dead!"

Their cry is wrung from bitter disappointment in not getting well, from sheer nerve weakness, and the growing fear that their case is hopeless

But it is not hopeless

There is a cure, and that cure is Dr. Greene's Nervura blood and nerve remedy—that grand and wonderful remedy which has cured so many thousands of apparently hopeless cases

This was a marvelous cure of Mrs Mary J Plummer, of Gratton N H, who says —

"I was taken down with the Grip and was sick in bed three weeks, and it left me in a bad condition. It was a hard trouble and a kidney trouble, and oh! my head felt so bad, such a dull, cloudy feeling in it all the time My appetite was very poor, and I did not sleep well. I was tired all the time. Well, I just dragged around and did my work, but would have dizzy spells, and such trembling in my limbs that I could scarcely stand or hold anything in my hands without dropping it. Finally I was taken down sick in bed, and was very sick. The doctor told my folks that I could not live, but I lingered along seven weeks. Then I got so I could sit up, but could not do any work, and my appetite was poor, and I could not sleep, and did not sleep any for ten days and nights. O, I got so nervous I could not lie still, and finally I told my husband to go to the drug store and get a bottle of Dr. Greene's Nervura blood and nerve remedy. After taking the second dose I went to sleep, and slept four hours, the first I had slept for ten days. I continued the Nervura until I had taken six bottles, and have not lost a night's sleep since, can eat well, and have had no signs of the returns of the disease."

Despair no longer. Take Dr. Greene's Nervura blood and nerve remedy and be cured. There is inspiration for the sick in the very name Nervura—new nerve, new force, new strength, new energy, new power

You can also consult without charge with Dr Greene, 148 State St., Chicago, Ill., the most successful physician in curing disease, personally or by letter.

## SEAT SALE IS LARGE.

**A Crowded House Will Greet "A Scrap of Paper"—Temple Attractions.**

The sale of seats for "A Scrap of Paper" opened at the box office yesterday morning and present indications point to a crowded house, although many choice seats can yet be secured in the parquet circle and balcony. The Fort Wayne Dramatic club feel greatly encouraged over this, their maiden effort in the histrionic line, and theatre goers may expect to be agreeably surprised by the talent possessed by the young Thespians.

Messrs Stouder & Smith, say that the performance of "At The French Ball" which will be given at the Temple next Monday evening, will be one of the most pleasing entertainments given in this city this season. They are enthusiastic over their efforts in securing this attraction, and dainty Fanny Rice will no doubt be greeted by a packed house. The sale of seats begins at the box office Friday morning at 9 o'clock.

After several years absence, Mr. Joseph Murphy and his company will appear at the Temple theatre Tuesday evening, January 25th, in the great play "The Kerry Gow" Murphy has played this piece for over twenty-five years and it is said to improve each year, like good wine.

One of the most interesting meetings ever held by any A. O. U. W lodge in the city was the one held by No 19 last Friday evening A special invitation had been extended to the membership of Nos. 36 and 50 to be present and witness the installation of officers. The attendance was large, taxing the seating capacity of the hall of Phoenix lodge, K. of P. After the installation and regular work was through with a recess was taken and the visiting brothers, headed by the new officers, repaired to the banquet room, where a very toothsome spread was partaken of, which had been prepared by the wives of members of No. 19 At the conclusion of the banquet all repaired to the main hall, where cigars were passed and a social session held, with J. J Bauer, the genial recorder of No 19, in the chair. All who were called upon responded and favored the members with speeches, songs, stories, music, etc The results of the meeting were so beneficial from a fraternity view that it was decided to hold another meeting in two weeks, at which time Nos. 19 and 36 will be the guests of No. 50 A committee of five was appointed to arrange for that event.

DEGREE OF HONOR.

Summit City lodge, No. 2, D. of H., met as usual in their hall, corner Calhoun and Superior streets, on Tuesday evening The lodge was well attended and important business was transacted.

Adelburt Ford was initiated into the mysteries of the order. Arrangements were completed to give a masquerade social at the home of Mrs. Geo. Misner, on East Williams street, on Friday evening next.

January 18 being Memorial day of the lodge, it was observed by the following well rendered program:

| | |
|---|---|
| Song—"Nearer My God to Thee" | Quartet |
| Mesdames Resch, Merrilot, Mel-heimer and Leikauf. | |
| Prayer | Bro. Coverdale |
| Song—"Shall We Gather at the River" | Quartet |
| Reading | Mrs. Coverdale |
| Selection | Mrs. Melsheimer |
| Song—"We Shall Sleep, But Not Forever" | Quartet |
| Memorial address | Mrs. Leikauf |
| Song—"God Be With You | Quartet |

ELKS.

Fort Wayne lodge 155, B. P. O. Elks, in their recent initiating of a class of upwards of 100, have earned the distinction of eclipsing any record in that direction that has ever been made by a lodge of that order. It will be the wonder of the fraternal world for time to come. It is an attest of the highest character as to the progressiveness of the local members and speaks volumes for their energy as well as testifying to the standing of the order in the community

The exercises attending the initiation were carried through with expedition and showed a high degree of perfection in the work of the initiating team.

The banquet and social session in the evening was an event that will go down in the history of the local lodge as the crowning effort in that line. From the time Hon. R C. Bell tapped the president's gavel until the last guest had been bidden Godsped, mirth, wit and eloquence reigned supreme.

Goodfellowship held sway and fraternal expressions predominated. The toastmaster, G. W. Wilson, assisted by W. H Shambaugh, as usual were at their best. What they didn't think of to add to the enjoyment of those present would be difficult to imagine. No one was neglected, everyone called upon and all responded and did their share toward the pleasures of the evening Out of town guests one and all pronounced the occasion the most enjoyable they had ever attended and were unanimous in their declarations that as entertainers our home lodge heads the list Kind words for lodge 155 will be spoken from one end of the country to the other by those in attendance from abroad.

BEN HUR.

Fort Wayne court No. 96 last Monday night had a very large meeting and much interest was shown for the welfare of the order This court bids fair to be one of the largest in the state. A number of applications were received and several candidates were given a chance to try the goat. After the initiation the ladies of the court surprised the gentlemen by inviting them to the banquet hall to partake of the refreshments that they had prepared. The gentlemen showed their appreciation by partaking of the good things placed before them. All enjoyed the supper and also the short speeches made by several of the brothers and sisters. An excellent program is arranged for next Monday night.

Ben Hur court No. 15, Tribe of Ben Hur, met Monday evening at the hall on Clinton street. Several applications were received and the work of initiating three candidates was gone through with After the initiations and business of the meeting had been disposed of the members devoted themselves to the enjoyment of a program of music and interesting literary exercises The occasion was one of rare pleasure to all present

A. O. H. AND I. N. A.

Captain J. H Rohan, whose portrait appears today in this department is president of the local branch of the Irish National Alliance, which was organized in this city last Sunday, and he is also president of Division No. 1, Ancient Order of Hibernians, a position he has held since the division was organized five years ago Captain

CAPTAIN J. H ROHAN,
President of Division No 1 A. O. H. also President of the Fort Wayne Irish National Alliance

Rohan was born in County Clare, Ireland, June 24, 1839. He came to Fort Wayne shortly after the Chicago fire in 1871. In early manhood he learned the trade of finishing wood, and this he followed in later years at Milwaukee and Buffalo. Soon after he came to this city he became foreman of the finishing department at the Fort Wayne organ works, a place he has filled in a competent manner ever since In July 1862 Captain Rohan enlisted in Company D, One Hundred and Sixteenth Regiment New York, volunteer infantry, and served until the close of the war. He was promoted from private to sergeant, first sergeant, second lieutenant, first lieutenant, and in April, 1864 he was promoted to captain, serving as such with company G, of the same regiment, until the close of the war. He received a flesh wound in the left side at the battle of Pleasant Hill and a scalp wound in the battle of Cedar Creek. He was mustered out at Washington, D. C., June 25, 1866. Captain Rohan is a democrat in politics and is at present announced as a candidate for the office of county treasurer. He is a member of the uniformed rank of the Catholic Legion, the National Union and the G. A. R. He was formerly captain of the Veteran organization of the state militia and was promoted to the rank of major and finally lieutenant-colonel.

WOMEN'S RELIEF CORPS.

The annual installation of officers of Slon S. Bass W. R. C. No. 7 took place jointly with the post at their hall on the evening of Friday, Jan. 14, 1898. After the service of installation of post officers the stations were surrendered to the W. R. C. and the officers of that body were installed by Mrs. M. B. Gorsline. After installation the visitors were entertained by music and recitations by comrades and members of the W. R. C. and also two fine recitations by a young lady from Ohio.

The W. R. C. has now fully entered on its fourteenth year; its works are known by all who seek to know. The fully acknowledged helpmeet of the G. A. R., the comrades never call for its aid in vain. Its watchwords are fraternity, charity and loyalty, and fully are these watchwords kept.

To hand down and to keep forever green the memories of our heroes, loyal women are received with open arms that the order may be perpetuated; and when the last comrade has answered the call, his wife and daughters as members of the W. R. C., have also passed away, and loyal women may come on each Memorial day with the little tribute of flowers to prove that they did not live and suffer in vain.

MODERN WOODMEN.

Fort Wayne camp 4761 had a grand old time at their meeting last Friday evening. Installation of officers was the principal feature of the evening. The following officers were installed for the ensuing year:

Consul—F. Howenstein.
Adviser—H. A. Fox.
Banker—C. E Hadsell.
Clerk—F. H. Cutshall
Escort—J. V. Wilkens.
Watchman—L. H. Nickerson.
Sentry—Theo. Bauer.
Board of Managers—William Wilder, D. M. Tombaugh, M. R. Hardendorf

After the newly elected consul took the chair and everything seemed quiet and peaceful the advisor and banker gave the alarm and contended there was an intruder in the camp. The consul immediately ordered the pass word to be taken up, but found all present to be entitled to sit within the camp. Not being satisfied he appointed a committee consisting of C. E. Hadsell, H. A. Fox, J. V. Wilkens and Theodore Bauer to investigate the ante-room and hall. They soon found the intruder and brought him in double quick in the shape of ice cream and cake, enough for all present and plenty to spare There was considerable anxiety manifested while the search was going on, as it was a complete surprise to all except the officers elect who took this means to show their appreciation to the camp.

W. W. Olmstead and Henry Hohman from Edwards camp enjoyed the evening and spoke words of praise upon the work of the evening

At the last meeting two candidates were ushered into woodcraft, and tomorrow evening four more applicants will be received into the folds. Four more applications are pending This camp is striving to become the banner camp of the state and the members are sparing neither time nor money in order to bring such results about

The consul appointed M. R Hardendorf chief forester, with Charles Gamrath as assistant, and with these two men at the head, the team work soon will be second to none in the state.

Let every member that has an interest in the welfare of our camp come out and meet with us every Friday evening at No. 20 West Berry street, Odd Fellows hall.

FRATERNAL MYSTIC CIRCLE.

Next regular meeting of Fort Wayne Ruling No. 662 will be held on Wednesday evening, January 26. Important committees will be appointed at this session and a pleasant surprise is possibly in store for the members who will be present. J. D. Grimes, of Dayton, Ohio, special supreme deputy, was briefly in the city today en route to Goshen, South Bend and Ligonier, where there is recruiting to be done. He will be with us at the Washington social and entertainment February 22.

I. O. O. F.

Fort Wayne Lodge No. 14, I. O. O. F., worked in the second degree last Monday, and will work in the same degree next Monday. After February 1st no degrees will be conferred except on the regular nights, as follows Initiations, first Monday; first degree, second Monday; second degree, third Monday; third degree, 4th Monday. With the new elevator and the elegant lodge room, all Odd Fellows will find Fort Wayne Lodge No. 14, I. O. O. F., a pleasant place to spend their time. The degree staff has been reorganized and is getting ready for the busy season

## THE "GYM" SCHEDULE

**Athletic Club Makes Announcement of Hours.**

**Program for the Classes of the Gymnasium —A Boys' Class Will be a Feature.**

The gymnasium class schedule of the Fort Wayne Athletic club has been completed and is announced by the management today.

Tuesday, Thursday and Saturday evenings, from 8 to 9:30, and Monday Wednesday and Friday evenings, from 8 to 10 o'clock, will be devoted to basket ball, hand ball, boxing, wrestling, fencing and advanced gymnastics—as tumbling, horizontal and parallel bar work.

Monday, Wednesday and Friday afternoons from 4 to 6 will be for business and professional men, which class is growing fast. The work is light, on the vacation plan.

It is the wish of the board of management that every member of the club join one of these classes. If the hour does not suit, so advise the management and a convenient time will be set. Fencing lessons will begin Friday evening, at 8 o'clock, and those who wish to join are requested to be on hand early.

A boys' class will be arranged for Tuesday, Thursday and Saturday afternoons.

## NICOLINI IS DEAD.

**Husband of Patti, the Well Known Singer, is No More.**

LONDON, Jan. 20.—Nicolini, husband of Adelina Patti Nicolini, died yesterday at Pau, France

The late Ernest Nicolini married Patti in Wales in 1886. She had been divorced from Louis Sebastian Henri De Roger De Cahuzac, marquis de Caux

His health began to fail him in the early part of last year and it was reported that he was suffering from a cancerous affection and from a complication of other disorders.

Both he and Patti had for some months been aware of the fatal nature of his illness, and friends who saw them together described the absolute devotion of the two as touching in the extreme.

THE NEW FREIGHT HOUSE

A new freight house is now regarded as an assured thing in local Pennsylvania railway circles Work upon the building is likely to begin at any time After the house is erected and in operation, it is believed that the tonnage system of handling freight, which is now in vogue at Columbus, Indianapolis, Pittsburg and other points on the southwestern system, will be put into practice here Some experiments in that line have recently been made, but it is not believed that it will be put into general practice until the new building is up The proposed freight house and the accompanying change of base of transfer of all freight bound for points west of Chicago will require a big force of men here, a condition which will be welcomed by our laboring men

## RAMSEY SAYS NO.

**Wabash Will Not Build a New Toledo Line.**

**Present Line too Valuable to Abandon—The Machinists' and Expressmen's Balls Local.**

At noon today THE SENTINEL received the following interesting telegram from the headquarters city of the Wabash

"St Louis, Jan 20—President and General Manager Ramsey, of the Wabash, says today that there is no truth in the statement that the Wabash intends to build an independent line into Toledo, or to make that city a side track, as has been reported Toledo is one of our most important terminals,' said Mr Ramsey, 'and all this talk about making it a side track is ridiculous and foolish'"

The following clipping from yesterday's St Louis Globe Democrat takes a different view of the matter "Nearly all of the through freight traffic of the Wabash division is now routed by way of the Detroit division, which has all the business it can conveniently handle Formerly this traffic was delivered to the Erie at Huntington, the Nickel Plate at New Haven and the Lake Shore at Toledo, but the Wabash, by reason of its trackage agreement with the Grand Trunk, can now handle all its business to Buffalo, giving it a much longer haul, and the result is that both for freight and passenger business the Detroit and Eel River line is practically the main stem."

Indianapolis Journal "General Manager Ramsey, of the Wabash, is said to be determined to have a more direct line from Toledo to Chicago Two routes are under consideration, but the most favored line is from Toledo to Maumee, Swanston, Delta, Harrison, West Unity and Montpelier, where it would connect with the Detroit and Chicago line"

The Boston express on the Lake Shore road was last week hauled from Toledo to Sandusky, fifty eight miles, in fifty six minutes, the train consisting of eight cars A tumbler of water was set on a table and filled and in running that distance and at that speed not a drop was spiled from the glass so smooth was the track

Valparaiso Messenger Another complication results at Wanatah from the attempt of the Pennsylvania company to tear down a platform which has been on its right of way for twenty years Now Fred Frederick Geiger claims to own the construction and has secured a temporary restraining order to protect it

The Financial Chronicle making its usual compilation of railroad gross earnings for the year calls attention to the fact that the year 1897 was the best the railroads have had for a long time—in fact since 1890 Furthermore practically all the gain was scored in the last six months of the year as up to June 30 there was actually a decrease as compared with the previous year

James Carnes the machinist went to Chicago yesterday to visit his son, Frank for a few days Mr Carnes is the reader will remember was severely injured on the head a few weeks ago and is just recovering Frank Carnes is also incapacitated for work being at present confined to his home in Chicago by sickness He is the foreman in the Pennsylvania shops in that city

A letter from F A Rider, who is in California states that he has completed the erection of a plant for extracting gold and silver from quarts upon the property of R J Fisher The letter also contained the assayer's certificate of a recent assay of the quartz, showing it to be rich in minerals particularly silver There is, at this one mine, quartz sufficient to yield $150 000 in gold and silver and it is the intention to convert it into cash as rapidly as possible

The Astronomy of Life

When an astronomer surveys the starry heavens through his powerful telescope he is impressed with the fact that the universe is governed by immutable laws Almost all studies lead to the conclusion that nature works with the utmost economy of force and that every law is adapted to the accomplishment of some definite purpose Add to this the fact that certain remedies are of great value in one disease while in other cases they are worthless

When a disease is said to have no remedy the best specialists usually prescribe Yet at the same time Nature may have provided the remedy right at hand but we have failed to discover it by the usual methods of investigation Reasoning by the Science of Analogy Bull Nature Remedy for Constipation Sick Headache Biliousness Indigestion Bad Blood Kidney Troubles &c &c is Ayer's Sarsaparilla Ask your Druggist about it

## A CHANGE.

**Harvey Stites Buys the Interests of His Partners.**

William Malle and Frank France Retire From the Corner Cigar Store—Mr. France as a Landlord.

Today a business change was effected whereby Harver Stites purchased the interests of his partners, William Malle and Frank France, making him the sole proprietor of Corner Cigar store. Mr. Stites is popular and energetic and will build up the business. Mr. France retires owing to a new business opening at Decatur, Ind. He has leased the Burt house at that place, and has also purchased the furniture of Dick Townsend. That he will make an affable host goes without saying, and that he may succeed is the wish of his many friends. Mr. Malle has not decided upon his future plans.

## FATHER KOENIG ILL.

**His Condition Regarded as Extremely Critical.**

Suffers From an Attack of Pleurisy, With Complications—It is Feared That the End is Near.

The Rev. E. Koenig, pastor of St. Paul's Catholic church, is lying critically ill of pleurisy, with complications, and it is feared that the end is near.

Father Koenig was taken with an attack having the symptoms of grippe, several days ago, and he grew steadily worse since that time. Shortly before noon today he suffered great pain and appeared to be getting worse so fast that Dr. McOscar was hurriedly summoned. He afforded some relief but regarded the case as critical, owing to the patient's advanced age.

Father Koenig became pastor of the St. Paul's congregation in 1865 and has labored with energy and zeal in that flock ever since. It was through this beloved priest that the St. Joseph hospital was founded, he having addressed the first communication on the subject to Vicar General Paderborn, who was instrumental in sending the first sisters here from the southern part of Germany.

**Boarding-House Soup.**

From the London Society Journal: The proprietress of a Brighton boarding-house was musing over her menu. In her company sat the lady who had just sunk her $5,000 in that concern and who was being initiated into the mysteries of the profession. "Now, then, dear," said the principal, "soup—what shall we call it?" "Well," replied her companion, "I suppose that depends upon what it is made of." "Ah, ask rather upon what it is not made of. But, of course, as you are now one of us, I don't mind telling you that, though it is a most nutritious article of diet it is manufactured from the little et ceteras which our guests leave on the edges of their plates." "Then I think you had better put it down as 'potage a l'omnibus.'"

**Revaccination of Children.**

A Polish physiologist, Dr. Jasiewicz, has gathered together some statistics which seem to show that the immunity from vaccination in infancy lasts a much shorter time than is commonly supposed. In the case of twenty-three children under 6 years of age vaccination was successfully performed in seven—35 per cent. Jasiewicz, therefore, recommends more frequently revaccination in childhood, and especially in early childhood. He believes that it protects from other infectious diseases as well as variola.

**Suicide Increasing Abroad.**

Suicide is alarmingly on the increase in France and noticeably increasing in England. The law of England considers an attempt to commit suicide a felony.

## MADE HIS STAKE.

**Archie Baldwin Returns Home Wealthy and Wise.**

Left Home When Sixteen Years Old and His Parents Could Not Locate Him for Twelve Years.

Archie Baldwin, a cattle king on a small scale, is the guest of his parents, Mr and Mrs. Abel Baldwin, who live near the Indiana School for Feeble Minded Youth. His coming was unheralded and inasmuch as his folks have not been informed of his whereabouts for twelve years the sudden appearance of a long lost son has somewhat upset the equilibrium of the Baldwin household The fatted calf has been driven in and all the honors that belong to the prodigal son will be bestowed upon the home-comer

Twelve years ago young Baldwin, then sixteen years old, left home without consulting his parents in the matter. He struck out for the uncivilized west, became acquainted with a wealthy ranch owner, and fell into a streak of good luck that brought him money and lots of experience. Being shrewd, ambitious and possessing courage to endure the hardships of that wild life, he soon became a cattle owner. He now owns a fine ranch in Nebraska and is prospering. After a visit with various relatives he will return to his western home.

## CAVED IN.

**Rain Causes Damage in Lakeside Sewer Trenches.**

Contractor Anton Rieg Meets With a Serious Obstacle in His Work on an Improvement.

The heavy rain has caused serious damage to the Lakeside sewer trenches, where the new fifteen-inch sewer is being built. The trenches between Columbia and Lake avenues were washed in last night and the contractor will be compelled to excavate again before the work can proceed. Owing to the sandy soil in Lakeside cave-ins are feared constantly by sewer builders who are compelled to excavate. When Contractor Emple constructed the big sewer in that addition he was compelled by circumstances to buy $1,000 worth of lumber to brace the sides of the trenches.

## BICYCLE TRACK.

**Board of Works Will Have Plans Prepared.**

An Improvement at Swinney Park That Will Cause the Cycling Public to Rejoice.

The board of works, at the meeting this evening, will instruct City Engineer Randall to prepare plans for the proposed bicycle track at Swinney park. It is intended to make a track about fourteen feet in width, to lie inside of the present half-mile driveway, with a sodded strip between the two. The work will be done early in the spring.

The board is also contemplating the laying out of a driveway around the grove and this matter will probably be decided tonight.

## SUPERB ATTRACTION.

**Seats on Sale Friday for the Next Entertainment of the Woman's Club League.**

Reserved seats for the next entertainment in the course offered by the Woman's Club league can be secured next Friday. The following notices are interesting to holders of tickets:

As for Mme. De Vere, since the days of Patti and Nilsson no such soprano has been heard in Music hall.—Cincinnati Enquirer.

Mrs. Murray's mastery of the harp, that most expressive instrument, was a revelation. She is of modest and sweet appearance, and plays with a grace in perfect accord with the harmony her trained fingers evoke. Her technique is that of an artist in love with her instrument, and aside from her wonderful instrumentation, she gives life and spirit to the tone.—Minneapolis Journal.

Paul Listemann may virtually lay claim to his talent by inheritance, being the son of the famous violinist, Bernhard Listemann. He began the study of the violin at an early age under his father. When but seventeen Paul took his place in the famous Listemann String quartet, appearing with that organization in tours through the east and west. Thus well prepared, he went to Leipsic in 1890, studying with Brodsky and Hilf. In 1793 he passed his public examination, playing the Joachim Hungatian concerto, and creating a furor. Aspiring to the highest degree of virtuosity, we find the young artist in the autumn of 1893 in Berlin, where, of sixty-eight candidates, he won the signal honor of being the only one to come directly under Joachim's personal guidance. He completed his musical education in a two years' course under the greatest violin master of his time.

## RINK MEDAL.

**James Dormer's Rink Victorious in Yesterday's Curling Game.**

The rink medal offered in the curling game at Brookside, was won by the rink skipped by James Dormer, by a score of 37 to 33. The score varied and alternated throughout the game, first one rink and then the other being in the lead. Four times during the progress of the match the score stood a tie, and then the excitement was intense. The rinks were composed as follows:

George Jaap, Henry McMillen, James Gillie, George Thumm, Charles Couser, William Miller, Alex Forbes, and James Dormer, skip.

Duncan McNaught, E. C. Crampton, John Miller, Thomas Kavanaugh, David McKay, Robert Creig, and John H. Bass, jr., skip.

The teams were evenly matched, and the game was well played throughout. The members of the clubs expressed great regret at the inability of the Hon. F. J. Hayden to participate in the sport. Mr. Hayden was injured during a game at the Fort Wayne curling club's rink, on New Year's eve, and has not been able to play since that time.

## CHAMP CLARK

### Stirs up a Breeze in the House

### By Making a Speech on the Cuban Question.

### His Views Not in Accord With the Republicans.

He Denounces the Administration in a Most Bitter Manner—His Plan of Action.

WASHINGTON, Jan. 20.—Before the Cuban debate was resumed in the house today Mr. Lacey, republican, of Iowa, chairman of the committee on public lands, called up a bill to extend the public land laws of the United States to the territory of Alaska and to grant right of way, under certain restrictions, to any railroad organized under the laws of any state in the Union. It was explained that the right-of-way grant was 100 feet on each side of the road, but that all mineral deposits were specifically reserved. Without completing the consideration of the bill it went over and the house went into a committee of the whole and resumed the consideration of the diplomatic and consular appropriation bill.

CHAMP CLARK'S SPEECH.

Mr. Clark, democrat, of Missouri, opened the debate with one of his characteristic breezy speeches. He said in part:

"If Spain does not bring the war to a speedy conclusion the United States ought to expel her from the western hemisphere. There can be no doubt as to what has been our traditional foreign policy. What our foreign policy is under the McKinley administration, like the peace of God, passeth all understanding.

"In these days of McHannaism our foreign policy is so feeble, so cringing, so cowardly that even old and decrepit Spain insults our flag, maltreats our citizens and scorches our ships with perfect impunity, and President McKinley, instead of sending men of war to protect our honor, assert our supremacy and touch the insolent and impotent Dons a lesson they would never forget, passes the hat around and invites the American people to contribute alms for starving and dying Cubans.

"It is high time that we served plain and emphatic notice on all kings, emperors and potentates that the navies of trans-Atlantic powers shall not be used as collection bureaus for questionable debts, as was done a year or two ago at Corinto and as was done a month or so ago at Hayti.

THE CUBAN CASE STATED.

"The Cuban case is this: For three years the insurgents have fought with a courage and suffered with a fortitude that has challenged the admiration of the world, save and except the McKinley administration. Three or four hundred thousand people—some of the papers say 600,000—have died, men, women and children, as much martyrs in the cause of liberty as was Warren or any other hero who died that we might be free—and yet the McKinley administration lifts not its finger to stay the slaughter and can think of nothing more effective for their relief than to pose as the big beggar man.

"The party of Sumner, Chase and Seward, which proudly vaulted itself as the friend of man, has become the ally of pestilence and arson, famine, devastation, rape and murder. To every suggestion that we should re-enter upon a vigorous foreign policy we are met with the hysterical shriek that we are advocating war. It is not true. But suppose it were—there are some things worse than war, deplorable as war unquestionably is—and one of them is to play the cry baby act until we are despised of all nations, and kindreds, and tongues.

"Now that we number 70,000,000 souls, a republican administration cannot be taunted, kicked or cuffed into resenting an insult or demanding reparation for any injury.

"Such a contemptible and pusillanimous policy is enough to make Grant, Sherman and Sheridan, Dupont, Farragut and Porter restless in their coffins.

"My republican friends," he said in conclusion, "I invite you to lay inside the weight that is holding you down. Assert your rights, come out on the side of eternal justice and human liberty, thereby demonstrating that you are worthy of the high vocation wherein you are called. We democrats and populists stand here ready to remove from American her great reproach. We on this side will contribute 152 votes. If only twenty-seven republicans will break the yoke, defy their task masters and join us in this noble work, before the sun sets this day we will send the glad tidings ringing round the world that 'Cuba is free.' Free, thank God, by the act of the American congress."

### THE SENATE.

Many Resolutions Introduced, Some of Great Importance.

WASHINGTON, Jan. 20.—Mr. Mills, of Tex., secured the passage by the senate today of a resolution directing the secretary of war to make an examination of the Port Arthur ship canal, with a view to its extension to deep water.

Mr. Gallinger, of the committee on public health and national quarantine, secured the adoption of a resolution empowering the committee to investigate the desirability of removing the quarantine station from Ship Island to some other point in the Gulf of Mexico.

Mr. Frye, of the commerce committee, reported favorably and secured the passage of a bill providing for the construction, at a cost not exceeding $70,000, of a lightship to be located near Cape Elizabeth, Maine.

Mr. Allen, of Nebraska, introduced a resolution directing the secretary of the interior to send to the senate the full and explicit charges made against Mrs. M. E. Roberts, recently dismissed from the pension bureau. Immediate consideration being asked for the resolution, Mr. Gallinger, of New Hampshire, said the heads of departments had absolute power to remove clerks and there is also a civil service commission which has practically final authority in cases of this kind. He thought congress ought not to take up the discussion of such cases. Considerable discussion, but without result, occurred, it being developed that Mrs. Roberts had been discharged on allegations affecting her character. Mr. Allen said he did not know Mrs. Roberts, but it was infamous to dismiss a woman on such charges without a hearing.

Mr. Pettigrew secured the passage of a resolution directing the secretary of the interior and the attorney general to inform the senate what steps the government had taken concerning the killing of a woman in Oklahoma territory by Seminole Indians and the burning of two Seminole Indians in the same territory.

The resolution inquiring of the postmaster general what action was necessary to maintain the excellence of the postal free delivery service was agreed to, and Mr. Tillman's resolution extending the authority of the inter-state and foreign commerce relative to the investigation of the giving by railroads or transportation for any other consideration than cash was passed.

Mr. Lodge, of Massachusetts, then moved that the senate go in executive session. This was antagonized by Mr. Vest, who called attention to the fact that he had given notice of his intention to call up the Teller resolution.

At 3 o'clock the Teller resolution was made the unfinished business and an agreement reached to lay it aside and the senate then went into executive session.

## RAIN AND FLOOD.

The Ohio and Its Tributaries the Scene.

CINCINNATI, Ohio, Jan. 20.—The Ohio river after a sudden rise last night at the rate of five feet an hour, caused by the flood in the Little Miami and the Licking rivers, settled down at a rate of three inches an hour, with the exception that between 6 and 7 o'clock this morning there was a rise of six inches. The rain fall, which ceased before daylight, amounted to two and thirty-four hundredths, and it came so heavily as to nearly all flow into the rivers. High winds have prevailed throughout the night and today and the temperature is falling, both of which conditions operate to lessen the danger of flood. According to present advices there has not been a general heavy rain in West Virginia nor elsewhere about headwaters. At Pomeroy the river was reported stationary at twenty-eight feet this morning, with hard rains all night, the weather being like April. Much damage has been done along the Little Miami river. The bridge on the Pennsylvania road at Morrow has gone out, causing a long detour by trains.

ST. LOUIS, Mo., Jan. 20.—A special to the Post Dispatch from Ridgeway, Ill., says: A very disastrous wind and rain storm visited this county last night, unroofing houses, blowing down fences and killing stock. The back waters of the Ohio and Wabash rivers are inundating this territory.

## LOOKS LIKE WAR.

### British Warships Ordered to Chinese Waters.

### Entire Fleet at Esquimault to Steam at Once.

### Must be Under Way Within Forty-eight Hours.

Some of the Fleet Now Further Out to Sea and Other Dispatch Being Hurriedly Coaled.

VICTORIA, B. C., Jan. 20.—Orders have been received at Esquimault by Rear Admiral Palliser from the admiralty instructing him to have every vessel in his fleet ready to start for China on forty-eight hours' notice. Immediately all was bustle around the dock yards, the crews of the different vessels being busily engaged coaling and provisions on board. Then came an order for her majesty's ship Pheasant to start on her trip across the Pacific today, she being nearer ready than the others. Tonight she will be well out to sea.

Later instructions were received for H. M. S. Imperials, the flagship of the station, to proceed to the scene of activity. She will start on Saturday. It is not known whether or not Admiral Palliser will accompany her. It is not likely unless the conditions in the orient reach a climax, that the other vessels at present here will be ordered there. The Icarius is only a small vessel and the Phaeton and Leander, having just completed a long voyage, are in need of some repairs. In fact, the Leander is already in the dry docks and the Phaeton is to follow her.

It is not known just where H. M. S. Amphion is at present, but she has probably completed her work at Cobosa Island and is coming north, being under orders to report at Esquimault. The torpedo boat Destroyer will remain at Esquimault. The next order is one to have the armament of the Empress boats ready to be shipped on short notice.

## HORRIBLE FATE.

### W. C. Hoge Ground to Pieces Under a Train.

### Was Going Home to Meet His Wife From Whom He Had Been Estranged by Desertion.

FORT SCOTT, Kas., Jan. 20.—A horrible fate today intercepted W. C. Hoge, of Nevada, Mo., on his journey home to meet his wife, with whom he was about to become reconciled. He fell under a Memphis freight train at Fulton and his clothes and portions of his body were found at Liberal, Mo., three miles distant.

He was mutilated beyond description, but was identified by an affectionate letter from his wife pleading with him to stop his dissipation and return to her under promise that she would dismiss a pending divorce suit.

He left home almost a year ago and would have joined her today. As much of the body as could be gathered in a basket has been sent to his wife at Nevada.

## WHITE HOUSE RECEPTION.

First Social Function of McKinley Administration Well Attended.

WASHINGTON, Jan. 20.—The first official reception of the present administration was given at the white house last evening.

Aside from the fact that it was the first, interest in the event centered in the new method of distributing the invitations so that only a certain proportion of those entitled to the hospitality of the executive session would be entertained in a single evening.

The receiving party consisted of the president and Mrs. McKinley, the vice president and Mrs. Hobart and the members and ladies of the cabinet. All of those were present except Secretary Alger, who was still too ill to venture out, and Mrs. Bliss and Mrs. Long, each of whom was represented by her daughter. When the honse party entered from the upper hall it was noted that Mrs. McKinley was leaning on the arm of the president, reversing the usual rule by which the president escorts the wife of the vice president and the latter the mistress of white house.

The reception of the diplomatic corps came first. Sir Julian Pauncefote, as the dean of the corps, led the way, but did not, as customary, remain to present his colleagues to the president. Practically all the diplomatic corps was present, including the Spanish minister.

## WAR AMONG THEOSOPHISTS

Organized Movement to Depose Mrs. Tingley, the Present Leader.

NEW YORK, Jan. 20.—There is civil war in the Theosophical society once more. There is an organized movement against the present leader of the society, Mrs. Katharine A. Tingley.

At a meeting last night of the Aryan branch the matter of a circular, which one faction in the society had sent out, was brought up. It was said that the circular was in the nature of a political intrigue and that it was directly opposed to Theosophical doctrines.

Mrs. Tingley said she was directly opposed to political methods, and that she had positive proof that some signatures to the opposition circular has been obtained under false pretenses. Some members had even been told that she had signed the circular. The malcontents wish to restore E. T. Hargrove to the presidency.

## TELEPHONE MEN.

### Important Meeting Held at Indianapolis.

Representatives of the Independent Exchanges of Indiana Have a Session—Business is Growing.

INDIANAPOLIS, Jan. 20.—The Indiana Mutual Telephone association held its annual meeting at the Bates House, yesterday. The morning session was short and in the nature of an "experience meeting," when managers of the different exchanges told of the progress they were making and how they met competition. E. H. Andress, of Lafayette, president of the association, said that the independent telephone business throughout the state is on the increase, both in the number of subscribers to older exchanges, and in the number of new exchanges which are being put in.

George W. Bears, of the Home Telephone company, of Fort Wayne, says the company has 1,100 subscribers and charges a rental of $36 a year for telephones in business houses and $24 for those in residences. Where a subscriber has both, the rate is $48 a year for the two. He said the company has 700 miles of wire reaching other towns in Indiana and Ohio.

A COMMITTEE REPORT.

The committee appointed at the last meeting to confer with similar committees from other states relative to the establishment of a comprehensive long-distance service, said that the only way to obtain the desired result is to incorporate the independent exchanges of the state into one company, with sufficient capital to bond the connecting lines. It was recommended in the committee's report that this movement be taken up at once and developed as rapidly as possible.

The Indiana committee consists of E. H. Andress, George W. Bears and Hugh Dougherty. Their report says that in the states of Indiana, Ohio and Pennsylvania there are 230 independent exchanges, with more than 100,000 subscribers, and the capital invested is more than $5,000,000.

OFFICERS ELECTED.

The afternoon session was held behind closed doors. The following officers were elected for the ensuing year:

President—E. H. Andress, of Lafayette.

Vice President—J. S. Stone, of Rushville.

Secretary and Treasurer—A. E. Reynolds, of Crawfordsville.

Assistant Secretary—W. H. Ernst, of Bluffton.

Executive Committee—E. H. Andress, J. S. Stone, A. E. Reynolds, George W. Bears, of Fort Wayne; O. M. Zion, of Lebanon; Elbert Shirle, of Noblesville; A. E. Ramsey, of Crawfordsville.

## WILL BE A RUSH.

### Thousands to Pour into the Klondike Gold Fields.

One Transportation Company Expects to Carry 10,000 Passengers Next Month and 50,000 for the Season.

SAN FRANCISCO, Jan. 20.—The local transportation companies are preparing to accommodate the rush to the Klondike. The Pacific Coast Steamship company has arranged a schedule that will give a five day steamship service from today between San Francisco and Alaskan ports. The company expects to handle at least 10,000 passengers out of this city next month and during the entire season the total tonnage in this port is calculated to accommodate 50,000 people.

About June 1, steamers will be placed on the run between this city and St. Michaels. The Alaska Commercial company will run the steamers St. Paul, Dora, Bertha and Portland, with an average carrying capacity of fully 300 persons each. These vessels will connect with the river steamers upon the breaking up of the ice and not less than two trips a month will be made from here. The Pacific Steam Whaling company will run steamers to Cook's Inlet and Alaska. Those means of getting to the gold fields will be greatly augmented when the vessels now in course of construction are completed.

## FOUND DEAD.

### Shocking Fate of John Brown, Near Arcola.

### Struck by a Train and Killed Instantly.

### Was a Cousin of William Keough, of This City.

Remains Discovered Alongside the Track Early This Morning by the Pittsburg Tower Man.

At 8 o'clock this morning the lower man of the Pennsylvania company at Arcola, discovered the remains of John Brown alongside the track, about 100 feet east of the tower. The man had been struck by a train and probably died instantly, as his skull was crushed. Brown was aged fifty-five years and was unmarried. Michael Brown, living half a mile northwest of Arcola, is a brother of the deceased and took charge of the remains. The supposition is that Brown was on his way to the tower, where he was in the habit of sleeping, when he met his death. The dead man was a cousin of William Keough, of this city.

Sheriff Melching and Coroner Kappel went to the scene of the accident this afternoon.

## TWO UNFORTUNATES.

### Trouble Drives Them to Self-Destruction.

Luther Hough Drowns in a Bath Tub and A. Blackney Shoots Himself.

CANTON, Ohio, Jan. 20.—A bell boy at the Harford house found the dead body of a man in a bath tub filled with water, last night. The remains were recognized as being those of Luther Hough, a traveling salesman for a gentleman's furnishing goods house. He registered from Jamestown, N. Y.

NEW YORK, Jan. 20.—A. Blackney, of Covington, Ga., a traveling salesman for Beck & Gregg, hardware merchants of Atlanta and Savannah, Ga., shot himself in the left breast in a West street hotel today. He is in a dying condition. He left a note saying that he was about to end his life because of unrequited affection.

## COAL MINERS

### Open the Inter-State Conference Today.

The Initial Session Brief and of Little Interest—Referentials the Base of Contention.

CHICAGO, Jan. 20.—The opening session of the Interstate Bituminous Coal Operators and Miners' conference today was of but a few minutes duration. No report being received from the scale committee, and that body having asked for more time, a recess was taken. Discussion of the state differentials is waxing very warm in the committee meetings. Last night the Ohio and Pennsylvania operators conferred, but, it is said, only got further into the mire. The Pennsylvanians are said to have presented an ultimatum in the form of a demand that no differentials be allowed to longer exist between the two states. The proposition was at first bitterly opposed by the Ohioans; but after a long wrangle they are said to have expressed a willingness to compromise on the basis of a four cent differential in place of the existing nine cents difference. But even this, it is said, was unsatisfactory to H. L. Chapman, of Ohio. In fact it is stated that the former candidate for governor become so pronounced in his disapproval of the compromise that it was agreed to practically ignore him in reaching a settlement. Mr. Chapman, when asked whether the report was true, said: "If the conference has decided to disregard me or throw me out, I am unaware of the fact; but, we have not reached an agreement on the differential."

Indiana and Illinois operators have also been in conference over the differential question. When the Indiana miners resumed after the late strike they obtained a slightly better rate than the Illinois people, whereas previously there had been a margin of five cents in favor of Illinois. This matter the operators of Illinois want adjusted and it can be done, they say, by both states inaugurating the mine run or gross weight system. An agreement between Illinois and Indiana is, it is thought, much more likely than of that between Ohio and Pennsylvania. When the questions have been settled, the scale committee, it is believed, will have clear sailing. Reports reached the convention today that 300 miners employed in the Acme mine at Streator, Ill., had gone out on the strength of a rumor that the scale to be adopted would reduce their rate four cents per ton. Officials of the state mine workers wired them that there was no truth in the statements regarding a reduction and advising their return to work.

Charles Nestel, the sixteen year old son of Daniel Nestel, jr., of 22 Scott avenue, was removed in the city ambulance to the St. Joe hospital today, to undergo an operation for appendicitis. The surgery will probably be performed tomorrow.

### WON BY ACTON.

Some Good Wrestling Shown at the Athletic Exhibition.

At the benefit athletic exhibition at Jackson's hall last night, the principal event was the wrestling between Joe Acton and Tresse. It was scientific and stubborn from start to finish. Acton won the first fall after an hour and fifty-two seconds of hard work. Acton won the second fall in five minutes. The boxing bouts were all draws. Herbert Hale, of Indianapolis, was referee in all contests.

## FROM HAVANA.

### There Is No Disorder in the Cuban Capital.

Origin of the Recent Riots—Captain Boga Shot by Insurgents He Tried to Bribe.

HAVANA, via Key West, Fla., Jan. 20.—Since Saturday the rioters have been quiet, with the exception of a dynamite bomb exploded in the Plaza de Colon, which did no harm. The rumors that the volunteers would revolt against the government have had no foundation. Nevertheless, on Saturday and Sunday several generals arrived here from Matanzas province and the outlying portions of Havana province with additional reinforcements. About 15,000 men are now located within the city limits and in the outskirts.

Certain politicians have industriously circulated rumors that the volunteers would join in the riots and have still further increased popular passion by saying that the government intended to disarm them. It has also been said that the volunteers would not have the ballot, because in the pay of the government. This is not the fact, as only the beglars, the mulahead guerillas and a few others are paid. The rest are merchants and clerks, serving without government pay.

BURDENS OF TROUBLE.

Those responsible for circulating these rumors are interested, it is asserted in palace circles, in breading trouble between the government and the volunteers, so as to have the latter disarmed and to be assured of ten thousand men against the insurgents.

Now that the disturbances have quieted down the greater part of the troops have returned to the respective stations. Among the government supporters the riots are explained as wholly without previous arrangement. The rioters on the other hand, blame the authorities for tolerating newspaper attacks prohibited by law. Though without social standing the rioters insist upon their patriotism.

Upon the body of Captain Puga, military commander at Rincon, this province, was found a letter signed by Puga, offering to Insurgent Leader Hernandez $8,000 and free passage to the United States if he would surrender with fifty armed followers. Another letter answering the above was found addressed to him, saying that if he continued his attempts to corrupt the insurgents he would be court-martialed and shot if captured. As Puga could not induce Leader Hernandez to surrender, he began negotiations with Leader Juan Delgado through the latter's father.

CAPTAIN PUGA SHOT.

Leader Hernandez having learned of this, captured and shot Captain Puga without allowing him to communicate with Delgado. When this was known a special force left Rincon and recovered the body, with letters on it. The government sent $20,000 to the military commander at San Juan de los Yenas to procure the surrender of Leader Loreto Chore, and his nephew. The members of the cabinet will issue a manifesto explaining "the salient points of the scheme of autonomy and its advantages over independence" together with an appeal to the insurgents to surrender.

## HAVE IT HERE.

### Evansville Isn't Able to Accommodate the Doctors.

Does Not Have the Hotel Facilities—Fort Wayne Is Fully Able to Handle the Crowd.

Dr. W. S. Wishard, president of the State Medical society, has received information that Evansville will have to decline the honor of entertaining the society at its annual meeting in May on account of the utter lack of hotel facilities. The principal hotel in that city is now being rebuilt. The executive board of the society will hold a meeting next Saturday to fix the place for the meeting. The membership of the association is 1,500 and several hundred physicians attend the meetings. Here's an opportunity, perhaps, to capture a good meeting for Fort Wayne.

## BAD FOR SCHELL.

### Bound Over to the United States Court.

### His Partner, Compton, Must Also Answer.

### Schell is in Jail in Default of $700 Bond.

Evidence Against the Globe Produce Firm Was Very Damaging—Other News of the Courts.

United States Commissioner Logan believed there was was enough evidence against Ed Schell and W. J. Compton to warrant his binding them over to the United States district court on charges of having used the United States mails for fraudulent purposes. The pair was given a hearing yesterday afternoon, and at the close of the inquiry Commissioner Logan fixed Schell's bond at $500, and Compton's at $250. Attorney E. V. Emrick appeared for Schell and Attorney G. P. Pells for Compton.

The principal witness was Peter Manfolder, a celery grower from Kalamazoo. Manfolder testified that on one occasion he sent a small consignment of celery to the Globe Produce company and received pay, some $5 or $4, with much promptness. He was impressed that the Globe concern was all right and later sent a consignment of about $100 worth, an order for which he had received. For this he has never received pay.

Jerry Datler, of Angola, testified that he had shipped ten crates of produce to the concern. This was returned because the express company could not locate the concern, a wrong address having been given Dutler. Later he sent another consignment, which was received but never paid for.

It was brought out in the evidence that Schell and Compton occupied a room on Railroad street, where they received shipments of fruit and produce, but a mail carrier testified that the firm's mail was delivered at another place.

Attorney Pells furnished bond for Compton, who was released from custody.

Up to a late hour this afternoon Schell had been unable to procure bond and he may have to go to Indianapolis to lay in jail until the United States district court convenes next May.

Sheriff Melching acted as interpreter for Mr. Manfolder, who is a Hollander and unable to speak English.

VERDICT FOR COX.

The superior court jury before whom was tried the suit of Cox vs. Holman, returned a verdict for the plaintiff for the sum of $43. The jury was out nearly all night.

SUIT FOR WAGES.

The suit of Andrew L. Schroeder vs. the Fort Wayne Fidelity Benevolent association, demanding $600 claimed to be due as wages for services rendered while in the employ of the association, is on trial before a jury in the superior court.

OTHER COURT NEWS.

The board of commissioners was engaged today in the consideration of county road matters.

William Kolb, a German, has taken out naturalization papers.

In the circuit court a jury is listening to the testimony in the replevin suit of the Continent Shoe company of Chicago, vs. Richard L. Trethaway, the shoe dealer, whose affairs recently became involved.

## DEATHS AND FUNERALS.

Cramp Ends the Life of Baby Charles Gallmeyer, of Marion Township.

Charles, the six-month-old son of Mr. and Mrs. Conrad Gallmeyer, of Marion township, died Tuesday, of cramp. The funeral will be held Friday, at 1 p. m., from the house.

DOUGH.

Elmer Roach, aged twenty-one years, an inmate of the State School for Feeble Minded Youth, died at the school yesterday. Consumption was the cause of death. He came to the school from the orphans' home at Greensburg in 1890 and has no known relatives.

The funeral occurred at the school at 10 o'clock this morning.

SHIRE.

The death of Lottie, the six-months-old daughter of Mr. and Mrs. Harry Shire, occurred at their home, on Pique avenue, at 2 o'clock yesterday morning. The child had the measles, and it was from the effects of this disease that it died.

The funeral was held from the residence at 2 o'clock this morning, the Rev. Miller officiating. Interment was at Leo.

### LEFT HIS DEBTS UNPAID.

A Merchant of Mair Deserted With a Woman He Said.

BUTLER, Ind., Jan. 20.—James Kaunel, an old resident of Metz, is missing. He was one of the largest merchants in Steuben county, and, it is said, leaves over $6,000 in debts unpaid. He sold a stock of merchandise valued at $8,000 for $4,000 just before he left. His principal creditors are in Chicago, Cleveland and Toledo, all wholesale houses. He has been doing an extensive business and his credit was first-class. It is reported that he had recently been leading a fast life and a woman is said to have disappeared with him.

## AT THE CITY HALL.

### Some Municipal Chat on a Rainy Morning.

Mayor Scherer Receives an Inquiry About John Nelson Eaton—Light Police Court This Morning.

This morning Mayor Scherer received a letter from Mrs. Eugene Taylor, of Cumberland, Md., in which she makes inquiry of the whereabouts of John Nelson Eaton, who moved to this county in 1863. She states that the matter is very important. The directory of the city and county does not give such a name, and so far as investigation has gone no clew that might lead to to his discovery has been obtained. Eaton, the writer says, came from Berkley county, West Virginia.

PRISONERS CAPTURED.

Superintendent Gorsuch received notification a few days ago of the escape from the northern prison of Simon Booker, a colored life prisoner, serving for murder, and Geo. Kuykendall, serving two and a half years for assault with intent to kill. A telegram was received today stating that the men were captured sixteen miles northwest of Chicago. If they had over reached that city there would have been a small show for getting them.

COMMITTEE MEETING.

The committee on public improvements will have a meeting tomorrow evening, when several matters will be discussed and placed in shape for presentation to the council.

WANT IT FOR AVENUE.

Gus Fox and a number of other property owners have sent a petition to the city clerk, asking that Shawnee avenue and Fox street be named Fox avenue. Shawnee avenue residents also submit a petition to have the name of Shawnee avenue adopted. It is one thoroughfare, but Shawnee avenue having been opened years after Fox street, and then being out of the city in South Wayne, it was not christened after the street to which it became an extension.

### And 700 Men Thrown Out of Employment.

A Strike of Rivets Brought the Shut Down—Will Endeavor to Get Another Force.

BAY CITY, Mich., Jan. 20.—Wheeler & Co.'s ship yard shut down this morning, throwing 700 men out of work, as a result of the riveters refusing to accept a 7 per cent. increase in wages. The riveters had been on a strike several days, their object being to obtain the same scale of wages paid in 1895. When the riveters declined the company's offer of increase the company resolved to close their yard and endeavor to employ an entirely new force of workmen. The riveters would have accepted the proffered increase had they not been required to sign an agreement not to act as a body, but as individuals, and to agree that the company retain 10 per cent. of their wages as a forfeit against quitting without its consent.

The statistics regarding immigration for the past year show a decrease of 112,435 over the previous year. The greatest number from Italy, but the total number was only 230,832.

MARK HANNA is elected, Durrant is hanged, Charlie Page Bryan, of Illinois, has got a diplomatic job and the war cloud that came out of the east has gone back. Now if old Gen. Cash Clay and his baby wife can contrive to get their domestic affairs patched up the country will be in a fair way to enjoy a season of comparative quiet.

The usefulness of the horse is rapidly waning, for reasons that are patent to every one—the steam engine, the electric trolley, the bicycle, and now the "motor wagon," have conspired to make him a "back number." Today the rangers of Montana and other western states are clamoring for the annihilation of the hordes of mustangs which are unsalable, yet which are destroying at a frightful rate ranges which would otherwise support immense herds of cattle.

ANOTHER illustration of the folly and danger of trifling with the marriage ceremony. Some years ago, to win a wager, Frank Fiske Farwell and Miss Maude Evelyn Shaw went through what was regarded by them as a mock marriage. It took place in Rhode Island. Recently Miss Shaw was married in earnest to Henry Collier Mix. Now turns out that, according to the laws of Rhode Island, the first ceremony was legal and binding, and the young woman awakens to the fact that she is amenable to the charge of bigamy. No end of legal difficulties have arisen over the case, and it is a very unhappy affair all around. When youth learns that marriage is no trifling matter and governs itself accordingly it will save itself from some very unpleasant experiences.

AMERICAN enterprise and ingenuity penetrate not only to the remote ends of the earth, but even underneath it. An American firm has just closed a contract to supply six large dynamos to be used in furnishing incandescent lighting for the catacombs at Rome. By affording a brighter illumination the Christy Romans expect to attract a larger number of visitors to these underground tombs of the early Christians. The innovation will be in strict accordance with modern ideas, but to some it will seem almost like desecration.

REPUBLICANS insist that the tariff has nothing to do with the strike of the cotton mill operatives in New England. They maintain that reduction of wages is necessary to enable the eastern mills to compete with the mills in the south. That may be true; doubtless it is. But may it not be true in varying degree of all other industries? The tariff wall is designed, we are told, to protect labor and wages in this country. If the danger lies in domestic competition, then labor is entitled to buy its necessaries with absolute freedom from tariffs.

ELECTRICITY is silently stealing its way along the railroad tracks. The electric line has the call for short distances and for light service. The electricians are at work on the long distance problem. Watt has a rival in the kilowatt. The Railway Age, in its summary of railway building for last year, says: "In New England steam railway construction continues practically suspended, as has been the case for several years, only thirty-three miles being added in the six states. On the other hand, a surprising number of electric lines have been built for countryas well as city service, and this is true also of every other state."

THERE has just died in England a statesman who was a member of parliament before Queen Victoria began her reign, and who every year that the queen has sat on the throne has had a seat in the house of commons. We have some legislators of long service, such as Senator Morrill, of Vermont. But Right Hon. Charles Pelham Villiers, who died in London recently, had been sitting in the house of commons twenty years before Justin S. Morrill began his legislative career in the American house of representatives, and was inducted into parliament when Andrew Jackson was president of the United States. He was called the "father of the house," but might have been called its grandfather.

A NOTABLE victory has been won by the newspapers of Denver, Col. Nearly two weeks ago fourteen of the largest department stores in the city made a combination to force down advertising rates, the demanded reduction being 30 per cent. The four daily newspapers then combined to resist the demand and gave notice that rates were increased 11 per cent. over the old card figures. The labor unions, peculiarly strong in Denver, inaugurated a boycott on the department stores, to which they are on principle opposed. The stores sought to advertise by using handbills thrown about the streets, but encountered the city authorities, who proceeded to stringently enforce an ordinance against the distribution of circulars on thoroughfares. This singular and interesting contest was brought to an end Tuesday night by the complete and unconditional surrender of the department stores and acceptance of the new scale of rates.

## NORTHERN INDIANA NOTES.

Hartford City will have a tinplate mill.

Charles C. Noble, a prominent member of the Noble School Furniture company, is dead at Goshen.

Harry Evans, nine years old, stole a team of horses at Warsaw and drove into the country. The lad is said to be incorrigible.

The Auburn Dispatch will next Monday begin the publication of a daily edition. Auburn now has one daily newspaper, the Courier, and three weeklies.

John F. Depoy, aged seventy-seven, and for nearly half a century a resident of Whitley county, is dead. He fell from a ladder a few days ago and sustained injuries which resulted fatally.

The North Manchester Leader, a democratic newspaper, has been taken possession of by mortgagees and Editor Cox is succeeded by Editor Hardman, who will endeavor to make the newspaper pay out.

William B. Loomis, the defaulting finance keeper of order of Maccabees, at Elkhart, has been returned to that city from the west and his friends are trying to adjust the trouble. The alleged shortage is about $900.

Alexander Wilhelm, the South Bend attorney who absconded after victimizing various persons out of several thousands of dollars, is in Alaska. This is proved by the receipt by the First National bank of Michigan City of certificate of deposit for $500 which was cashed by the bank at Skagway.

While unpacking new goods last week W. C. Patterson, an Angola merchant, found a diamond ring valued at $100. Shortly afterward he received a letter from a young lady who packed the goods, inquiring about the ring. The goods had been shipped to an honest man and he promptly returned the article.

## "BETTER BE DEAD!"

### Agonizing Cry Wrung From a Despairing Heart.

### But There Is Always Hope for the Sick and Suffering.

### Dr. Greene's Nervura Certainly Does Cure —Will Surely Make You Well.

How often the weak, tired, worn-out man or woman, thoroughly exhausted in nerves and body, and with despairing voice, exclaims, "I had better be dead!"

Their cry is wrung from bitter disappointment in not getting well, from sheer nerve weakness, and the growing fear that their case is hopeless.

But it is not hopeless.

There is a cure, and that cure is Dr. Greene's Nervura blood and nerve remedy—that grand and wonderful remedy which has cured so many thousands of apparently hopeless cases.

"That was a marvelous cure of Mrs. Mary J. Plummer, of Grafton, N. H., who says:—

"I was taken down with the Grip and was sick in bed three weeks, and it left me in a bad condition. It caused a heart trouble and a kidney trouble, and oh! my head felt so bad, such a dull, cloudy feeling to it all the time. My appetite was very poor, and I did not sleep well. I was tired all the time. Well, I just dragged around and did my work, but would have dizzy spells, and such trembling in my limbs that I could scarcely stand or hold anything in my hands without dropping it. Finally I was taken down sick in bed, and was very sick. The doctor told my folks that I could not live, but I lingered along seven weeks. Then I got so I could sit up, but could not do any work, and my appetite was poor, and I could not sleep, and did not sleep any for ten days and nights. O, I got so nervous I could not lie still, and finally I had my husband to go to the drug store and get a bottle of Dr. Greene's Nervura blood and nerve remedy. After taking the second dose I went to sleep, and slept four hours, the first I had slept for ten days. I continued the Nervura until I had taken six bottles, and have not lost a night's sleep since, can eat well, and have had no signs of the return of the disease."

Despair no longer. Take Dr. Greene's Nervura blood and nerve remedy and be cured. There is inspiration for the sick in the very name Nervura—new nerve, new force, new strength, new energy, new power.

You can also consult without charge with Dr. Greene, 168 State St., Chicago, Ill., the most successful physician in curing disease, personally or by letter.

## SEAT SALE IS LARGE.

### A Crowded House Will Greet "A Scrap of Paper"—Tragedy Attraction.

The sale of seats for "A Scrap of Paper" opened at the box office yesterday morning and present indications point to a crowded house, although many choice seats can yet be secured in the parquet circle and balcony. The Fort Wayne Dramatic club feel greatly encouraged over this, their maiden effort in the histrionic line, and theatre goers may expect to be agreeably surprised by the talent possessed by the young Thespians.

Messrs. Sloudeker & Smith, say that the performance of "At The French Ball" which will be given at the Temple next Monday evening, will be one of the most pleasing entertainments given in this city this season. They are enthusiastic over their efforts in securing this attraction, and dainty Fanny Rice will no doubt be greeted by a packed house. The sale of seats begins at the box office Friday morning at 9 o'clock.

After several years absence, Mr. Joseph Murphy and his company will appear at the Temple theatre Tuesday evening, January 25th, in the great play "The Kerry Gow." Murphy has played this piece for over twenty-five years and it is said to improve each year, like good wine.

One of the most interesting meetings ever held by any A. O. U. W. lodge in the city was the one held by No 19 last Friday evening. A special invitation had been extended to the membership of Nos. 36 and 50 to be present and witness the installation of officers. The attendance was large, taxing the seating capacity of the hall of Phoenix lodge, K. of P. After the installation and regular work was through with a recess was taken and the visiting brothers, headed by the new officers, repaired to the banquet room, where a very toothsome spread was partaken of, which had been prepared by the wives of members of No. 19. At the conclusion of the banquet all repaired to the main hall, where cigars were passed and a social session held, with J. J. Bauer, the genial recorder of No 19, in the chair. All who were called upon responded and favored the members with speeches, songs, stories, music, etc. The results of the meeting were so beneficial from a fraternity view that it was decided to hold another meeting in two weeks, at which time Nos. 19 and 36 will be the guests of No. 50. A committee of five was appointed to arrange for that event.

### DEGREE OF HONOR.

Summit City lodge, No. 2, D. of H., met as usual in their hall, corner Calhoun and Superior streets, on Tuesday evening. The lodge was well attended and important business was transacted.

Adelbert Ford was initiated into the mysteries of the order. Arrangements were completed to give a masquerade social at the home of Mrs. Geo. Misner, on East Williams street, on Friday evening next.

January 18 being Memorial day of the lodge, it was observed by the following well rendered program:

Song—"Nearer My God to Thee"..... Quartet
Readings..... Mesdames Roach, Merrifield, Stickleleiter and Leyland.
Prayer..... Rev. Cresswell
Song—"Shall We Gather at the River?"..... Quartet
Reading..... Mrs. Cavendish
Selection..... Mrs. Stickleleiter
Song—"We Shall Sleep, But Not Forever"..... Quartet
Memorial address..... Mrs. Leyland
Close—"Hold Be With You"..... Quartet

### ELKS.

Fort Wayne lodge 155, B. P. O. Elks, in their recent initiating of a class of upwards of 100, have earned the distinction of eclipsing any record in that direction that has ever been made by a lodge of that order. It will be the wonder of the fraternal world for time to come. It is an utmost of the highest character as to the progressiveness of the local members and speaks volumes for their energy as well as testifying to the standing of the order in the community.

The exercises attending the initiation were carried through with expedition and showed a high degree of perfection in the work of the initiating team.

The banquet and social session in the evening was an event that will go down in the history of the local lodge as the crowning effort in that line. From the time Hon. R. C. Bell tapped the president's gavel until the last guest had been bidden Godspeed, mirth, wit and eloquence reigned supreme.

Goodfellowship held sway and fraternal expressions predominated. The toastmaster, G. W. Wilson, assisted by W. H. Shambaugh, as usual were at their best. What they didn't think of to add to the enjoyment of those present would be difficult to imagine. No one was neglected, everyone called upon and all responded and did their share toward the pleasures of the evening. Out of town guests one and all pronounced the occasion the most enjoyable they had ever attended and were unanimous in their declarations that as entertainers our home lodge heads the list. Kind words for lodge 155 will be spoken from one end of the country to the other by those in attendance from abroad.

### BEN HUR.

Fort Wayne court No. 98 last Monday night had a very large meeting and much interest was shown for the welfare of the order. This court bids fair to be one of the largest in the state. A number of applications were received and several candidates were given a chance to try the goat. After the initiation the ladies of the court surprised the gentlemen by inviting them to the banquet hall to partake of the refreshments that they had prepared. The gentlemen showed their appreciation by partaking of the good things placed before them. All enjoyed the supper and also the short speeches made by several of the brothers and sisters. An excellent program is arranged for next Monday night.

Ben Hur court No. 13, Tribe of Ben Hur, met Monday evening at the hall on Clinton street. Several applications were received and the work of initiating three candidates was gone through with. After the initiations and business of the meeting had been disposed of the members devoted themselves to the enjoyment of a program of music and interesting literary exercises. The occasion was one of rare pleasure to all present.

### A. O. H. AND L. N. A.

Captain J. H. Rohan, whose portrait appears today in this department is president of the local branch of the Irish National Alliance, which was organized in this city last Sunday, and he is also president of Division No. 1, Ancient Order of Hibernians, a position he has held since the division was organized five years ago. Captain

CAPTAIN J. H. ROHAN,
President of Division No. 1, A. O. H., also President of the Fort Wayne Irish National Alliance.

Rohan was born in County Clare, Ireland, June 21, 1839. He came to Fort Wayne shortly after the Chicago fire in 1871. In early manhood he learned the trade of finishing wood, and this he followed in later years at Milwaukee and Buffalo. Soon after he came to this city he became foreman of the finishing department at the Fort Wayne organ works, a place he has filled in a competent manner ever since. In July 1862 Captain Rohan enlisted in Company D, One Hundred and Sixteenth Regiment New York, volunteer infantry, and served until the close of the war. He was promoted from private to sergeant, first sergeant, second lieutenant, first lieutenant, and in April, 1864 he was promoted to captain, serving as such with company G, of the same regiment, until the close of the war. He received a flesh wound in the left side at the battle of Pleasant Hill and a scalp wound in the battle of Cedar Creek. He was mustered out at Washington, D. C., June 25, 1866. Captain Rohan is a democrat in politics and is at present announced as a candidate for the office of county treasurer. He is a member of the uniformed rank of the Catholic Legion, the National Union and the G. A. R. He was formerly captain of the Veteran organization of the state militia and was promoted to the rank of major and finally lieutenant-colonel.

### WOMEN'S RELIEF CORPS.

The annual installation of officers of Sion S. Bass W. R. C. No. 7 took place jointly with the post at their hall on the evening of Friday, Jan. 14, 1898. After the service of installation of post officers the stations were surrounded by the W. R. C. and the officers of that body were installed by Mrs. M. B. Geraldine. After installation the visitors were entertained by music and recitations by comrades and members of the W. R. C. and also two fine recitations by a young lady from Ohio.

The W. R. C. has now fully entered on its fourteenth year; its works are known by all who seek to know. The fully acknowledged helpmeet of the G. A. R., the comrades never call for its aid in vain. Its watchwords are fraternity, charity and loyalty, and fully are these watchwords kept.

To hand down and to keep forever green the memories of our heroes, loyal women are received with open arms that the order may be perpetuated; and when the last comrade has answered the call, his wife and daughters as members of the W. R. C., have also passed away, and loyal women may come on each Memorial day with the little tribute of flowers to prove that they did not live and suffer in vain.

### MODERN WOODMEN.

Fort Wayne camp 4761 had a grand old time at their meeting last Friday evening. Installation of officers was the principal feature of the evening. The following officers were installed for the ensuing year:

Consul—F. Howenstein.
Advisor—H. A. Fox.
Banker—G. E. Hadsell.
Clerk—F. H. Untshell.
Escort—J. V. Wilkens.
Watchman—L. H. Nickerson.
Sentry—Theo. Bauer.
Board of Managers—William Wilder, D. M. Tomlinson, H. R. Bandendorf.

After the newly elected consul took the chair and everything seemed quiet and peaceful the advisor and banker gave the alarm and contended there was an intruder in the camp. The consul immediately ordered the pass word to be taken up, but found all present to be entitled to sit within the camp. Not being satisfied he appointed a committee consisting of G. E. Hadsell, H. A. Fox, J. V. Wilkens and Theodore Bauer to investigate the auto-room and hall. They soon found the intruder and brought him in double quick in the shape of ice cream and cake, enough for all present and plenty to spare. There was considerable anxiety manifested while the search was going on, as it was a complete surprise to all except the officers elect who took this means to show their appreciation to the camp.

W. W. Olmstead and Henry Holman from Edwards camp enjoyed the evening and spoke words of praise upon the work of the evening.

At the last meeting two candidates were ushered into woodcraft, and tomorrow evening four more applicants will be received into the folds. Four more applications are pending. This camp is striving to become the banner camp of the state and the members are sparing neither time nor money in order to bring such results about.

The consul appointed M. R. Hardendorf chief forester, with Charles Hannath as assistant, and with these two men at the head, the team work soon will be second to none in the state.

Let every member that has an interest in the welfare of our camp come out and meet with us every Friday evening at No. 20 West Berry street, Odd Fellows hall.

### FRATERNAL MYSTIC CIRCLE.

Next regular meeting of Fort Wayne Ruling No. 662 will be held on Wednesday evening, January 26. Important committees will be appointed at this session and a pleasant surprise is possibly in store for the members who will be present. J. D. Grimes, of Dayton, Ohio, special supreme deputy, was briefly in the city today en route to Goshen, South Bend and Ligonier, where there is recruiting to be done. He will be with us at the Washington social and entertainment February 22.

### I. O. O. F.

Fort Wayne Lodge No. 14, I. O. O. F., worked in the second degree last Monday, and will work in the same degree next Monday. After February 1st no degrees will be conferred except on the regular nights, as follows: Initiations, first Monday; first degree, second Monday; second degree, third Monday; third degree, 4th Monday. With the new elevator and the elegant lodge room, all Odd Fellows will find Fort Wayne Lodge No. 14, I. O. O. F., a pleasant place to spend their time. The degree staff has been reorganized and is getting ready for the busy season.

## THE "GYM" SCHEDULE

### Athletic Club Makes Announcement of Hours.

#### Program for the Classes of the Gymnasium —A Boys' Class Will Be a New Feature.

The gymnasium class schedule of the Fort Wayne Athletic club has been completed and is announced by the management today.

Tuesday, Thursday and Saturday evenings, from 8 to 9:30, and Monday Wednesday and Friday evenings, from 8 to 10 o'clock, will be devoted to basket ball, hand ball, boxing, wrestling, fencing and advanced gymnastics—as tumbling, horizontal and parallel bar work.

Monday, Wednesday and Friday afternoons from 4 to 6 will be for business and professional men, which class is growing fast. The work is light, on the vacation plan.

It is the wish of the board of management that every member of the club join one of these classes. If the hour does not suit, so advise the management and a convenient time will be set. Fencing lessons will begin Friday evening, at 8 o'clock, and those who wish to join are requested to be on hand early.

A boys' class will be arranged for Tuesday, Thursday and Saturday afternoons.

## NICOLINI IS DEAD.

### Husband of Patti, the Well Known Singer, Is No More.

LONDON, Jan. 20.—Nicolini, husband of Adelina Patti Nicolini, died yesterday at Pau, France.

The late Ernest Nicolini married Patti in Wales in 1868. She had been divorced from Louis Sebastian Henri De Roger Du Cabrase, marquis de Caux.

His health began to fail him in the early part of last year and it was reported that he was suffering from a cancerous affection and from a complication of other disorders.

Both he and Patti had for some months been aware of the fatal nature of his illness, and friends who saw them together described the absolute devotion of the two as touching in the extreme.

## A NEW WORK.

## THORNS TO SIT UPON.

How many people are gathering "thorns to sit upon," by failing to heed the warning sent out by diseased kidneys. Utah Kidney Beans, the Great Kidney and Bladder Cure, is the only remedy. If you have uncertain pains—dry mouth—coated tongue—pimply skin—feverishness—lines under the eyes—sharp pain in the small of the back—dull dragging backache—general feeling of weariness—you have kidney trouble in some of its terrible forms. You should act quickly—Utah Kidney Beans will cure you—they have cured thousands of others. The Tuscans of Philadelphia make Utah Kidney Beans.

W. H. Sprague, Union Kidney County Clerk for Richmon County, certifies: "For years I have suffered with pains in my back could hardly stand up was confined to my room and bed for months—suffered horrible pains in the kidneys and subsequently treated by the best physicians—they could do nothing for me—I tried Utah Kidney Beans—the first dose made me feel better—I continued to use them—and in a few weeks I felt like a different man—Utah Kidney Beans are the greatest Kidney remedy—Bladder cure on earth—I gladly recommend them to other sufferers."

## RAMSEY SAYS NO.

### Wabash Will Not Build a New Toledo Line.

President Ellis on Valuable Abandonment—The Machinists' and Engineers' Strike—Local.

At noon today The Sentinel received the following interesting telegram from the headquarters city of the Wabash:

"St. Louis, Jan. 20.—President and General Manager Ramsey, of the Wabash, says today that there is no truth in the statement that the Wabash intends to build an independent line into Toledo, or to make that city a side track, as has been reported. Toledo is one of our most important terminals,' said Mr. Ramsey, 'and all this talk about making it a side track is ridiculous and foolish.'"

The following clipping from yesterday's St. Louis Globe-Democrat takes a different view of the matter: "Nearly all of the through freight traffic of the Wabash division is now routed by way of the Detroit division, which has all the business it can conveniently handle. Formerly this traffic was delivered to the Erie at Huntington, the Nickel Plate at New Haven and the Lake Shore at Toledo, but the Wabash, by reason of its trackage agreement with the Grand Trunk, can now handle all its business to Buffalo, giving it a much longer haul, and the result is that both for freight and passenger business the Detroit and Eel River line is practically the main stem."

Indianapolis Journal: "General Manager Ramsey, of the Wabash, is said to be determined to have a more direct line from Toledo to Chicago. Two routes are under consideration, but the most favored line is from Toledo to Manuee, Swanston, Delta, Harrison, West Unity and Montpelier, where it would connect with the Detroit and Chicago line."

THE BOWSER BANQUET.

The Jennison-Williams orchestra will discourse music during the repast.

CITIZENS BUILDING A ROAD.

Citizens of Texas, southern Kansas, northeastern Oklahoma and Indian territory are determined to have a short railway line to St. Louis. They have constructed twelve miles of track from Henrietta, Tex., without one cent of working capital. Stock was issued to a number of farmers and merchants, who paid for it by work upon the road bed. The farmers in many instances worked themselves, while the merchants hired teamsters to take their places in constructing the road bed.

When completed the road will run from Henrietta, Tex., through southern Kansas, northeastern Oklahoma and Indian territory to a point west of Chetopa on the Southern Kansas line. This road will connect with the Gulf and Brazos railway at Henrietta and will afford direct communication with ports at Velasco and Galveston.

Merchants and farmers along the line of the proposed road are endeavoring to secure the co-operation of the St. Louis business men. If St. Louis will aid in the project it is believed by the citizens who desire a line line to St. Louis that the road will be completed and in running order within a year.

TWO SOCIAL EVENTS.

The ball at White's hall last evening, given under the auspices of Friendship lodge, No. 70, International Association of Machinists, for the purpose of raising funds for the striking engineers in London, England, was a social and financial success, notwithstanding the storm which raged furiously nearly all the time the dance was in progress. The music was furnished by the Symphony orchestra, some of whose members are machinists.

A similar event, and one which promises to be equally as successful, will be the first annual ball of the Expressmen's social club, which will take place this evening. The committee of arrangements for this event is composed of the following gentlemen: J. Wort, W. Markenke, A. Foustel, S. Lavanway, J. Whitney and W. Brister. The reception committee is as follows: F. Oddou, J. Pierce, J. Whitney, G. Hocker and M. Fitch and the musical director is J. G. Shaler.

THE NEW FREIGHT HOUSE.

A new freight house is now regarded as an assured thing in local Pennsylvania railway circles. Work upon the building is likely to begin at any time. After the house is erected and in operation, it is believed that the tonnage system of handling freight, which is now in vogue at Columbus, Indianapolis, Pittsburg and other points on the southwestern system, will be put into practice here. Some experiments in that line have recently been made, but it is not believed that it will be put into general practice until the new building is up. The proposed freight house and the accompanying change of base of transfer of all freight bound for points west of Chicago will require a big force of men here, a condition which will be welcomed by our laboring men.

PERSONAL AND OTHERWISE.

Sickness of some members of his family keeps Engineer George Cooper from going out on his run.

After an illness of three weeks Engineer E. Von Tilburg has resumed his run on the Nickel Plate.

P. J. Furlong, an operator on the Nickel Plate's extra list, is now stationed at Leipsic, Ohio. He worked here a week recently.

Engineer Wash Fruse, of the Nickel Plate, who has been afflicted with a cold for several weeks, is now confined to his home.

John Hughes, operator on the Nickel Plate, is back in his old place in the yard office, after a week's service in the dispatcher's office.

The west water plug on the Pittsburg at Columbia City was demolished a few nights ago by a freight train striking it while the spout was down.

Immense quantities of wheat are now arriving in Philadelphia from Chicago daily, and it is gossip among commission men that the grain is some of the Leiter purchase.

Nickel Plate Brakeman Roffelts and C. E. Stump have resumed work after a few days absence. Brakeman W. P. Morris, of the same road, is taking a brief lay off.

P. M. Seymour, formerly commercial agent of the Baltimore and Ohio at Columbus, Ohio, has been appointed general agent of the Chicago Great Western at Butte, Mont.

B. B. Taylor, general superintendent of transportation of the Pennsylvania lines west of Pittsburg, is making a trip over the northwestern and southwestern systems this week.

The Illinois Central has secured the contract to carry four ships from the Howard ship yards at Jeffersonville, Ind., to San Francisco. There will be fifty car loads. The shipment will be over the Illinois Central to New Orleans, thence over the Southern Pacific to San Francisco, where the ships will be set up.

Engine 115 was turned out of the Pittsburg shops today, after being repaired.

After a few days illness, William Barnes, the boilermaker, is back at his duties in the Pittsburg shops.

One of the children of Otto Stoll, of the Rass blacksmith shop, is dangerously ill with stomach trouble.

John Unger, tinner, and F. J. Ruch, steamfitter, of the Pittsburg shops, are sick and unable to work.

W. Vollening, an employe of the Rass blacksmith shop, had a foot injured last evening and will be off duty a few days.

The storm this morning made out door labor impossible and the lumber yards of the city were deserted, some of them all day.

H. Keersan, of the car shops, and Conrad Fork, of the lumber yards of the Pennsylvania, are off today, the latter to attend the funeral of a relative.

H. G. McDole engineer at the Pittsburg car shop, on Lafayette street, has gone out in the country today to attend to some private business.

The absentee list at the Pittsburg round house shows that the following gentlemen are sick: Engineers C. Sweeney, W. K. Wilder, C. J. Pearson and W. H. Shelby.

H. W. Sloat, machinist at the Pittsburg shops, who had a foot injured a few days ago, is making rapid progress towards recovery and expects to be able to report for duty next Monday.

Peter Waumbaugh, the veteran janitor at the Pittsburg machine shop, is very sick with asthma and fears are expressed that the disease may prove fatal if there is not a change for the better very soon.

The Pennsylvania train dispatchers, twenty-two in number, had a group photograph of themselves taken this morning. A more handsome crowd never assembled, unless it might be the reporters of this city.

All of the railway trainmen who were off duty on account of the meeting of the Elks have resumed their respective places. This benevolent order in its membership embraces a large per cent. of the trainmen of this city.

During the monetary convention next week at Indianapolis, the roads leading to that city will make a special rate, sales commencing on Sunday, the 23d inst., and continuing four days. The rate from this city will be $3.60.

The storm, while quite destructive in the way of tearing down fences and out-buildings along the line of the Pittsburg, did not interfere with traffic, and all the passenger trains reached their destinations on scheduled time.

Casper Lehmkuler is sick. Ed. McLaughlin is off duty on account of the serious condition of his grandmother and Jule Goshway is kept from work by the sickness of some of his folks. These men are employed in the Pittsburg blacksmith shop.

Several traveling representatives of railroads are in the city today. They are Louis W. Landman, general agent of the Columbus, Hocking Valley and Toledo; C. B. Murray, traveling passenger agent of the Chicago and Alton; R. B. McSmith, traveling agent of the Grand Trunk.

A "Cafe Klatsch" was given at the residence of Mr. and Mrs. Con Sweeney last evening, to remind them of their twenty-fifth wedding anniversary. Mr. Sweeney is a veteran in the special police department of the Pennsylvania company and owns a cozy home on Brandriff street.

The Rio Grande passenger department has issued a concise table of rates to Alaska from the chief railway centers in the United States, starting with Chicago to Circle City, $301.50, and ending with Puget sound cities to Wrangle, which is only $45.

C. M. Jones, chief clerk at the Pittsburg freight house, has returned from Canandaigua, N. Y., where a telegram summoned him a week ago to the bedside of his sister. He did not reach there before the death messenger, the lady having been dead several hours when he arrived. He was accompanied east by Mrs. Jones.

The Boston express on the Lake Shore road was last week hauled from Toledo to Sandusky, fifty-eight miles, in fifty-six minutes, the train consisting of eight cars. A tumbler of water was set on a table and filled, and in running that distance and at that speed not a drop was spilled from the glass, so smooth was the track.

Valparaiso Messenger: "An odd complication results at Wanatah from the attempt of the Pennsylvania company to tear down a platform which has been on its right-of-way for twenty years. Now Fred. erick Geiger claims to own the obstruction and has secured a temporary restraining order to protect it."

The Financial Chronicle, making its usual compilation of railroad gross earnings for the year, calls attention to the fact that the year 1897 was the best the railroads have had for a long time—in fact, since 1890. Furthermore, practically all the gain was scored in the last six months of the year, as up to June 30 there was actually a decrease as compared with the previous year.

James Cairnes, the machinist, went to Chicago yesterday to visit his son, Frank, for a few days. Mr. Cairnes, as the reader will remember, was severely injured on the head a few weeks ago and is just recovering. Frank Cairnes is also incapacitated for work, being at present confined to his home in Chicago by sickness. He is the foreman in the Pennsylvania shops in that city.

A letter from F. A. Rider, who is in California, states that he has completed the erection of a plant for extracting gold and silver from quartz upon the property of R. J. Fisher. The letter also contained the assayer's certificate of a recent assay of the quartz, showing it to be rich in minerals, particularly silver. There is, at this one mine, quartz sufficient to yield $150,000 in gold and silver and it is the intention to convert it into cash as rapidly as possible.

The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with la grippe and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into lusty consumption. Having Dr. King's New Discovery in store and selling lots of it, he took a bottle home and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at Dreier & Bro., drug store.

Frank Williams, claiming to be a journeyman jeweler, attempted a bold daylight robbery in Mayr's jewelry store, South Bend. He knocked the clerk down and was looting the showcases when the clerk revived and raised an alarm. The robber attempted to escape, but was pursued and captured after a hard fight.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

The Astronomy of Life.

When an astronomer foretells the exact minute at which two planets will cross each other, we know there is no magic about it. The whole universe is governed by laws. A man who studies these laws of nature carefully and believes them to evidence, can count on results every time. A doctor knows that certain remedies are a certain disease.

When a disease seems to have no remedy, the doctors pronounce it incurable. All the time Nature may have the remedy right at hand, but it will only be discovered by the doctor who has studied longer and deeper than others into the particular disease.

Consumption was cured for a long time without a remedy, until Dr. Pierce made his wonderful "Golden Medical Discovery" 30 years ago. It has proved to be a marvelous and almost unfailing specific for consumption and all forms of lung, bronchial and throat diseases.

Its effects seem almost magical but its operation is based upon simple natural laws. It has the power of enabling the blood making glands to manufacture healthy, red blood and pour it abundantly into the circulation. This nourishing, vitalizing effect is rapidly manifested in the lungs and bronchial tubes where it stops the wasting process and builds up healthy tissue.

Bronchitis, so aggravated by coughing, and which are so weak in throat and lung trouble, and it is for nursing sore throat, as a permanent cure. Consumption (scrofula) in all its stages, not excepted.

"I speak from experience when I say Dr. Pierce's Golden Medical Discovery is the best medicine for weak lungs and bronchial troubles in the world. I was troubled with a hacking cough and pain in the chest, and had a severe attack of pneumonia, which left me in a very low state. I was induced to try Dr. Pierce's Golden Medical Discovery, and was soon much relieved. I continued its use and was entirely well in a few months. I have had a case of your 'Common Sense Medical Adviser' ever since it came out."—Mrs. Mary Barnes Hall, Box 1, Bucksport, Hancock Co., Maine.

Dr. Pierce's medicines are recognized as standard remedies throughout the world. His "Pleasant Pellets" cure constipation.

The Fort Wayne Dramatic club rehearsed last night at the College of Expression, and will have a full dress stage rehearsal at the Temple tonight. The members are looking forward with much pleasure to the performance Friday evening, as are also many of our citizens, if the sale of seats can be taken as the measure of their interest.

Bluffton News: George P. Bigler and Lulu E. Dratt, of Fort Wayne, called at the county clerk's office yesterday afternoon and secured a marriage license, and later in the day called on Squire Frank Smith and were united in marriage. After the ceremony they, with four or five of their friends, repaired to the Enterprise hotel and took supper.

The Daughters of Isabella gave a charity party at the Sons of Columbus hall last evening. The affair was a progressive pedro party, followed by a dance program. In the pedro games the prizes were won by Miss Augusta Vilsey and Joe Nussbaum. The latter was one of four gentlemen to win the same number of games and the first prize was awarded to him by lot.

The revival services at the Berry street M. E church were well attended last night, despite the inclement weather. Pastor Cissell preached a strong sermon from Phil. 4, 13. A number of penitents were at the altar seeking Christ. The after service was marked with great spiritual power. The membership was quickened and sinners were impressed with the necessity of seeking Christ.

## A CHANGE.

Harvey Stites Buys the Interests of His Partners.

William Malle and Frank Frauce Retire From the Corner Cigar Store—Mr. Frauce as a Landlord.

Today a business change was effected whereby Harvey Stites purchased the interests of his partners, William Malle and Frank Frauce, making him the sole proprietor of Corner Cigar store. Mr. Stites is popular and energetic and will build up the business. Mr. Frauce retires owing to a new business opening at Decatur, Ind. He has leased the Burt house at that place, and has also purchased the furniture of Dick Townsend. That he will make an affable host goes without saying, and that he may succeed is the wish of his many friends. Mr. Malle has not decided upon his future plans.

## FATHER KOENIG ILL.

His Condition Regarded as Extremely Critical.

Suffers From an Attack of Pleurisy, With Complications—It Is Feared That the End Is Near.

The Rev. E. Koenig, pastor of St. Paul's Catholic church, is lying critically ill of pleurisy, with complications, and it is feared that the end is near.

Father Koenig was taken with an attack having the symptoms of grippe, several days ago, and he grew steadily worse since that time. Shortly before noon today he suffered great pain and appeared to be getting worse so fast that Dr. McCarthy was hurriedly summoned. He afforded some relief but regarded the case as critical, owing to the patient's advanced age.

Father Koenig became pastor of the St. Paul's congregation in 1865 and has labored with energy and zeal in that flock ever since. It was through this beloved priest that the St. Joseph hospital was founded, he having addressed the first communication on the subject to Vicar General Pruterbeen, who was instrumental in sending the first sisters here from the southern part of Germany.

Boarding-House Soup.

From the London Society Journal: The proprietress of a Brighton boarding-house was musing over her menu. In her company sat the lady who had just sunk her $5,000 in that concern and who was being initiated into the mysteries of the profession. "Now, then, dear," said the principal, "soup—what shall we call it?" "Well," replied her companion, "I suppose that depends upon what it is made of." "Ah, ask rather upon what it is not made of. But, of course, as you are now one of us, I don't mind telling you that, though it is a most nutritious article of diet, it is manufactured from the little of celeries which our guests leave on the edges of their plates." "Then I think you had better put it down as 'potage a l'omnibus.'"

Revaccination of Children.

A Polish physiologist, Dr. Jasiewicz, has gathered together some statistics which seem to show that the immunity from vaccination in infancy lasts a much shorter time than is commonly supposed. In the case of twenty-three children under 8 years of age vaccination was successfully performed in seven—35 per cent. Jasiewicz, therefore, recommends more frequently revaccination in childhood, and especially in early childhood. He believes that it protects from other infectious diseases as well as variola.

Suicide Increasing Abroad.

Suicide is alarmingly on the increase in France and noticeably increasing in England. The law of England considers an attempt to commit suicide a felony.

## MADE HIS STAKE.

Archie Baldwin Returns Home Wealthy and Wise.

Left Home When Sixteen Years Old and His Parents Could Not Locate Him for Twelve Years.

Archie Baldwin, a cattle king on a small scale, is the guest of his parents, Mr. and Mrs. Abel Baldwin, who live near the Indiana School for Feeble Minded Youth. His coming was unheralded and inasmuch as his folks have not been informed of his whereabouts for twelve years the sudden appearance of a long lost son has somewhat upset the equilibrium of the Baldwin household. The fatted calf has been drawn in and all the honors that belong to the prodigal son will be bestowed upon the home-comer.

Twelve years ago young Baldwin, then sixteen years old, left home without consulting his parents in the matter. He struck out for the uncivilized west, became acquainted with a wealthy ranch owner, and fell into a streak of good luck that brought him money and lots of experience. Being shrewd, ambitious and possessing courage to endure the hardships of that wild life, he soon became a cattle owner. He now owns a fine ranch in Nebraska and is prospering. After a visit with various relatives he will return to his western home.

## CAVED IN.

Rain Causes Damage in Lakeside Sewer Trenches.

Contractor Anton Ring Meets With a Serious Obstacle in His Work on an Improvement.

The heavy rain has caused serious damage to the Lakeside sewer trenches, where the new fifteen-inch sewer is being built. The trenches between Columbia and Lake avenues were washed in last night and the contractor will be compelled to excavate again before the work can proceed. Owing to the sandy soil in Lakeside caves-ins are feared constantly by sewer builders who are compelled to excavate. When Contractor Engle constructed the big sewer in that addition he was compelled by circumstances to buy $1,000 worth of lumber to brace the sides of the trenches.

## BICYCLE TRACK.

Board of Works Will Have Plans Prepared.

An Improvement at Swinney Park That Will Cause the Cycling Public to Rejoice.

The board of works, at the meeting this evening, will instruct City Engineer Randall to prepare plans for the proposed bicycle track at Swinney park. It is intended to make a track about fourteen feet in width, to be inside of the present half-mile driveway, with a rolled strip between the two. The work will be done early in the spring.

The board is also contemplating the laying out of a driveway around the grove and this matter will probably be decided tonight.

## SUPERB ATTRACTION.

Seats on Sale Friday for the Next Entertainment of the Woman's Club League.

Reserved seats for the next entertainment in the course offered by the Woman's Club league can be secured next Friday. The following notices are interesting to holders of tickets:

As for Mme. De Vere, since the days of Patti and Nilsson no such soprano has been heard in Music hall.—Cincinnati Enquirer.

Mrs. Murray's mastery of the harp, that most expressive instrument, was a revelation. She is of modest and sweet appearance, and plays with a grace in perfect accord with the harmony her trained fingers evoke. Her technique is that of an artist in love with her instrument, and aside from her wonderful instrumentation, she gives life and spirit to the tone.—Minneapolis Journal.

Paul Listemann may virtually lay claim to his talent by inheritance, being the son of the famous violinist, Bernhard Listemann. He began the study of the violin at an early age under his father. When but seventeen Paul took his place in the famous Listemann String quartet, appearing with that organization in tours through the east and west. Thus well prepared, he went to Leipsic in 1890, studying with Brodsky and Hilf. In 1893 he passed his public examination, playing the Joachim Hungarian concerto, and creating a furor. Aspiring to the highest degree of virtuosity, we find the young artist in the autumn of 1893 in Berlin, where, of sixty-eight candidates, he won the signal honor of being the only one to come directly under Joachim's personal guidance. He completed his musical education in a two years' course under the greatest violin master of his time.

## RINK MEDAL.

James Dorner's Rink Victorious on Yesterday's Curling Game.

The rink medal offered in the curling game at Brookside, was won by the rink skipped by James Dorner, by a score of 37 to 33. The score varied and alternated throughout the game, first one rink and then the other being in the lead. Four times during the progress of the match the score stood a tie, and then the excitement was intense. The rinks were composed as follows:

George Jaap, Henry McMillen, James Gillie, George Tauman, Charles Cosser, William Miller, Alex Forbes and James Dorner, skip.

Duncan McNaught, E. C. Crampton, John Miller, Thomas Kavanaugh, David McKay, Robert Craig and John H. Bass, jr., skip.

The teams were evenly matched, and the game was well played throughout. The members of the clubs expressed great regret at the inability of the Hon. F. J. Hayden to participate in the sport. Mr. Hayden was injured during a game at the Fort Wayne curling club's rink, on New Year's eve, and has not been able to play since that time.
